Guards Confess Prison Plot To Detroit Police

Plans Called For Killing Of Watch Tower Guard, Dynamiting Of Cells

PLOT UNFOLDED IN ITS ENTIRETY

(International News Service)

DETROIT Oct. 7—How two Michigan state prison guards conspired to help two convicts dynamite their way to freedom, was told today in the confessions of the guards.

After hours of grilling at Dearborn police headquarters, Archie C. French, 47, and Kenneth Watson, guards at the "old prison' in Jackson, made full statements, police said, revealing details of the plot.

One Guard Absolved

Besides the guards, police were holding at Dearborn, Mrs. Agnes Schoonmaker, Miss Mary Cross and the two convicts, James Cross and Edward Hall. Miss Cross, a sister of the prisoner, is held as a witness. The others, including Mrs. Schoonmaker, sweetheart of Hall, have confessed shares in the conspiracy.

Hoover Likely To Make Speech At Columbus, O.

Indianapolis May Also Be Visited By President On Trip

DETROIT MAY ALSO GREET PRESIDENT

Woman Being Addressed By President Over Radio This Afternoon

By GEORGE E. DURNO
International News Service Staff Correspondent

WASHINGTON, Oct. 7.—President Hoover will keep his revitalized campaign for re-election in high gear today with a radio address designed to win the women's votes.

At 3:15 this afternoon, E. S. T., the executive goes on the air over a national hook-up as principal speaker of "Hoover Day," the latter having been arranged by the Women's Division of the Republican National Committee.

Plans New Speech

And, while discussions continued about additional campaign trips by Mr. Hoover, he began work on still another important speech, which he will deliver here in Washington next Wednesday, Oct. 12, before the American Bar Association.

The day following, Oct. 13, the President officiates at the laying of the sornerstone of the new Supreme Court building here, giving him an opportunity to again speak over the radio.

It appeared virtually certain that Columbus, Ohio, would get the call for Mr. Hoover's next out-of-town address.

From Columbus it would be only a short jump to Indianapolis. Great pressure is being exerted on the President to make a major address in Indiana, for political scouts have reported the state is a red-hot battle-ground.

Urge Appearances

Others, who have canvassed the situation in Minnesota and Michigan, are urging the necessity of appearances at Minneapolis and Detroit.

How many of these states will be visited by the president, and whether they might be combined into one circular trip, remained to be seen. The executive and his political advisers were still debating the general question today.

This afternoon's speech, if plans of the Women's Division materialize are expected, will be the occasion of "radio teas" and parties all over the country at which the feminine voters will be tuned in on the Republican candidate. During the war, Mr. Hoover's picture as food administrator hung in countless kitchens, and his later strength with the women became a powerful political asset. Four years ago, a great play was made for their vote with apparent success.

Mrs. Alvin T. Hert, of Kentucky, vice chairman of the Republican National Committee, will introduce the President to his unseen audience.

SATURDAY IS FINAL CHANCE TO REGISTER

Dig out your county tax reecipt for 1932 or 1931. Put it next to your fountain pen or in your wallet and be prepared to register tomorrow, Saturday, October 8.

It is your last chance to qualify for a vote on November 8. When the books of the registrars close at ten o'clock Saturday night, the only persons permitted to register after that will be those who have been out of the city the three days provided for registration, or who were unable to get to the registration booth because of illness.

Less Than Half

Less than half of the city's voting population is registered and already two registration days have gone. Saturday, October 8 is the last day to get registered and if you have any desire at all to vote in the general election on November 8 you must register tomorrow.

The registry booths open at seven o'clock in the morning and remain open until nine. They re-open at eleven and close at two. The last period for registration is from four to ten o'clock and at ten o'clock the books close and will be forwarded to the county commissioners.

Only a county or state tax receipt is valid for registration and this must have been issued within the past two years. Any county or state tax receipt issued since October 7, 1930 is good.

One more day to qualify yourself to serve as a citizen and vote. That day is tomorrow and unless you do register tomorrow you can go fishing on November 8 and forget the election.

The registration for the elections of 1931 are of no avail. Every voter who wishes to vote in November must have registered either on September 8 or 20, or else must register tomorrow.

Are YOU registered?

DISTRICTS DELAYING PENALTIES ON TAXES; SEEK COUNTY ACTION

Gradually the tax levying bodies of Lawrence county are taking advantage of the Nothnagle act passed by the recent special session of the General Assembly, which permits the bodies to abate any or all penalties which are due and payable by December 1, 1932.

The New Castle school board took the lead in the matter when it abated penalties at its last monthly meeting. The latest groups to take the same step are the Pulaski township board of supervisors, the Perry township school board and the Slippery Rock township school board.

The Pulaski supervisors passed their resolution several days ago extending the time of payment at face of road taxes until December 1. This information was announced by F. W. Bradley, secretary. J. L. G. McElwain, secretary of the Perry township school board, announced that his board had done the same thing with taxes at its meeting last Saturday night; and the Slippery Rock township board has made a similar announcement.

This afternoon a group of citizens of the county is meeting with the board of county commissioners and the county solicitor in an effort to get the same abatement on county tax penalties. The meeting was called for 1:30 and it was expected that the various parts of the county would be represented, with a considerable number from New Castle.

Fail To Identify Pittsburgh Gang

Bandits In Pittsburgh Not Men Wanted For Campbell Shooting

WITNESSES CAN'T IDENTIFY ANY

While the bandit gang held in Pittsburgh is said by police to have confessed to a number of crimes in Pittsburgh and the vicinity, there was no identification or near identification of them as being connected with the murder of Officer Clarence Campbell and the robbery of $23,000 from messengers of the Mahoning Trust, according to County Detective H. M. Lee.

Lee, City Detective John Young, Mrs. Margaret McWilliams, L. E. McCreary and W. W. McCombs went to Pittsburgh to see the bandits under arrest there, but could make no identification.

"The one man that bore some resemblance to the size of the man who shot Campbell, is a man about 48 years of age and gray haired," said Lee. "Mrs. McWilliams said there was a similarity in size but that was as far as she would go. Apparently the gang in custody in Pittsburgh is not the gang wanted here."

Pennsylvania railroad officials will tomorrow investigate the slight collision of an Erie-bound freight train, No. EA-1 and a shifter engine which occurred this morning near 2 o'clock at a point close by the Pennsy's rail crossover at Cherry street.

H. R. Blanchard, shifter crew brakeman, at first believed injured, was rushed to the Jameson Memorial hospital. There no injuries of any kind were found.

Old Picture Of Post Office Site Is Found

An interesting picture has been located among family possessions by Mrs. Maurice Triplett of 812 West Grant street.

It is a photograph of the building at the corner of Jefferson and Washington streets soon to be razed to make way for the erection of the new postoffice.

The period when the picture was taken is not known, but probably someone in the city can give the information.

On the first floor of the building is a dry goods store of L. S. Hoyt, with L. S. Hoyt and J. M. Clark, proprietors.

On the second floor is the Powers Commercial college, with John M. Powers principal.

The third floor shows signs which indicate that the G. A. R. headquarters were located there at the time.

European Police Are Hunting For Samuel Insull With Warrant For Arrest

(International News Service)

TORONTO, Ont., Oct. 7—The path of power trod so long by Martin J. Insull, had ended today in a dingy, windowless jail cell.

He sat in the "death cell" tier of the Simcoe county jail at Barrie 50 miles north of this city the "Death Cell" tier, so called because it is in that tier where sit those condemned to hang for their crimes.

And Insull—that magic name in Chicago short months ago—is a common prisoner among common men. He is denied even the solace of the pipe he cherished and smoked so often.

Spark Of Battle

But in the heart of the 68 year old common prisoner there still flares that spark of battle that led him and his brother, Samuel, to financial lordship before their dream castle of finance crumbled about their heads and those of thousands of investors who lost millions in their enterprises.

It is this spark that caused a determination to fight extradition to Chicago. The ground work for that fight, certain to be bitterly contested and long drawn, already was being laid by both sides in the legal fray.

While hunting mushrooms in the vicinity of Fayetteville this morning, Elder A. Bryan and Fred Remley saw three fine deer, which seemed quite tame.

Mr. Remley saw the deer first near the Joe Elder farm and after watching them for a time, called to Mr. Bryan. As he came up the deer ran down between the Elder farm and the Fayette school house.

There was a buck with four points, a doe, and a fawn in the group.

Amazing End To Hold-up Tale

Boston Youthful Bandit Shot Dead By Policeman Is Star Fullback

(International News Service)

BOSTON, Oct. 7.—An amazing climax was written today in the killing of a youthful bandit by a policeman during an attempted "thrill" holdup of a Medford store, when the dead youth was identified as Charles Marino, 16, star fullback on the Chelsea high school football team.

Identification was made by the father and brother of the dead boy as police of Boston joined with Medford authorities in a roundup of others of the holdup gang who escaped. The father was near collapse as he viewed the body of his son.

Two other members of the gang were sought.

Trimble Decides To Make Public R. F. C. Reports

Detailed Reports Of R. F. C. Loans Are Presented By Clerk Today

FULL PUBLICITY DECIDED UPON

Clerk Of House Asserts He Is Obligated To Give Out Loan Figures

(International News Service)

WASHINGTON, Oct. 7.—Detailed reports of loans granted by the Reconstruction Finance Corp., will be made public by South Trimble, Clerk of the House, he decided today.

Trimble, after considering the protests of the corporation against publicity reaffirmed his previous decision that under the law passed by congress he is required to make public the monthly report of the finance corporation today.

Open To Public

With this decision, Trimble opened to publicity the report of August loans of the Finance Corporation.

In a review of the whole question of publicity, Trimble said that the debates in the house during the consideration of the relief act showed plainly that congress intended that loans of the taxpayers money be given full publicity.

In his protest against publicity, Atlee Pomerene, chairman of the R. F. C. board had asserted that "serious embarrassment" was caused to banks by the publication of the July report.

Made 1,110 Loan

Washington, Oct. 7.—During the month of August the Reconstruction Finance Corporation made 1,110 loans, aggregating $122,277,641.90 to banks, insurance companies and similar institutions.

The loans were divided: banks and trust companies, $85,057,605; building and loan associations, $12,294,188; insurance companies $3,708,700; mortgage loan companies, $2,101,730; Federal Land Banks, $3,000,000; joint stock land banks, $55,000; agricultural credit corporations, $594,031; livestock credit corpora-

Florida Convict Causes Sensation By His Testimony

Claim Is Made That Pardons Were Dangled Before Witnesses To Change Opinions

By SAM MELSON

COURTROOM, JACKSONVILLE, Fla., Oct. 7.—Pardons were dangled as bribes before the eyes of prisoners in the Sunbeam chaingang camp if they would support the claim that Arthur Maillefert, 22-year-old New Jersey "sweatbox" torture victim, died a suicide, a convict witness charged from the stand today in the murder trial of two former convict guards.

The senatorial revelation was made in the testimony of Jim Travis, convict, who resumed the stand as a state witness as the fifth day of the trial of George W. Courson and Solomon Higginbotham began.

PA NEWC OBSERVES

Young Pa Newc observed another freak of nature, yesterday, on Croton Avenue. He saw a bunch of violets in bloom for the second time this year. They were quite large and of a very vivid blue-violet color.

It's all in a day's work, but just the same Pa Newc believes it must take a big supply of nerve to sit perched on the roof edge of a three story building. That is what a workman was doing nonchalantly this morning on the White building, East North street. He was concentrating his attention to fastening hooks on the building to support a scaffold.

Absolutely the most gorgeous bouquet of dahlias Pa Newc has seen this year arrived at The News business office this morning. It was a gift from Mrs. J. R. Weller, of 1815 East Washington street. Many different species, such as Elite Glory, Treasure Island, Fort Monmouth, Josephine G. and Eastern Star, were represented in the perfect bouquet.

There is single ranches here bigger than France. Counties bigger than England. Saddle horse pastures big as Alsace-Lorraine. The lakes of Switzerland would be buffalo wallows in Texas. It's located between Mexico and the U. S. to keep Mexico from annexing the United States.

It's so far to town that the cowboys who started in to vote for "Teddy" arrived in time to register for "Franklin."

It's so big that no one governor can handle it. They have to have a man and his wife.

PINCHOT TIRING OF POLITICAL GAME?

Believe Pinchot Plans To Retire From Public Eye

Governor Pinchot Satisfied With Naming Of Five Closest Friends To P. S. C.

NOW TIRING OF POLITICAL GAME

Allegheny County Is Entirely Ignored In Appointments, Good Jobs Are Gone

By WILLIAM B. BROWN
International News Service Staff Correspondent

HARRISBURG, Oct. 7.—**Many of those close to Gov. Gifford Pinchot are pointing today to the character and background of those he has named to the Public Service Commission as proof of a recent rumor that the chief executive will retire entirely from politics at the end of his term.**

In making the five appointments to the commission the governor apparently threw all political considerations to the wind and picked the men he believed best fitted for what he considers the most important places at his disposal.

Appetites Whetted.

The first two appointments—George W. Woodruff and Frederick P. Gruenberg—only served to whet the appetites of those politically-minded gentlemen who had been responsible for the Pinchot political victories. They took it for granted that when the governor filled any remaining vacancies to the $10,000 posts he would give them to those who were able to swing votes at elections rather than those fitted for jobs of that size.

The naming of both Dr. Clyde L. King and P. S. Stahlnecker was much in line with the first two appointments. Dr. King disdains the hurly-burly of politics. Stahlnecker has been the chief political adviser for many years but is not looked upon as the type to build personally a strong following in any section of the state.

The Pinchot enemies cited the appointment of Stahlnecker to strengthen their theory that the entire commission would be made a political football and that the former secretary's job would be to remove the incumbents and fill their places with the Pinchot job seekers.

Rumors Squelched.

That rumor was promptly and very effectively squelched by Dr. King, who, as chairman, announced that no immediate changes in personnel were contemplated and that there would be no dismissals except for just cause. Dr. King in his state service has made a record of protecting those he believed worthy from the arrows of politics and he is not known as one who frequently changes his mind or his theories.

Stahlnecker in assuming his new duties seemed much more anxious to learn the details of the big job that faces him rather than to find a place for the second cousin of a Pinchot voter's uncle. Then, too, as a member of the commission, Stahlnecker dare not engage actively in politics.

Although somewhat a power in Cameron county with its few thousand voters, C. Jay Goodnough, named yesterday to the last vavancy, is not looked upon as the sort of man who would be valuable in a big political fight. Quiet, restrained, Goodnough is deemed not liable to become a dominant factor in any political lineup.

Allegheny Ignored.

In making the appointments the governor ignored all geographical consideration, waiving aside the dozens of claims he had from his supporters in Allegheny, Luzerne and Lackawanna counties. Those counties have been the mainstay of the Pinchot strength and the three where professional utility baiters constantly stir up contention. None was recognized in the appointments.

Those who cling to the Pinchot retirement theory also cite the appointment of Leon D. Metzger as secretary of revenue, a post that pays $12,000 a year. That is one place that any political competent can fill. Pinchot picked the man who had been in state service since 1919 and had been trained carefully in the theories of his former chief, Dr. King.

Another fact cited to support the theory is that the waves of dismissals which recently have swept many departments were largely compulsory and that very few of the faithful recently have been named to places made vacant.

TRIMBLE DECIDES TO MAKE PUBLIC R. F. C. REPORTS

(Continued From Page One)

tions, $2,667,822; railroads, $12,798,583.

The report was made public by South Trimble, clerk of the house, after corporation officials protested against his action in making the July report public.

The total of loans to banks and similar institutions, included $111,596,631 of direct loans and authorized increases of $10,681,010 in loans authorized before August first.

Loans made under other sections of the act included:

For relief purposes, $13,931,669, to states and cities.

Two loans totalling $50,000,000 under the emergency construction section.

A total of $10,000,000 was allocated to the Secretary of the Treasury for direct loans to farmers.

Loans made available in August to states were: Alabama, $225,000; Illinois, $6,000,000; Louisiana, $1,096,084; Michigan, $1,800,000; North Dakota, $50,000; Ohio, $1,610,585; South Dakota, $150,000; Wisconsin, $3,000,000.

The loans authorized under another section of the relief act included $15,000,000 to the Cotton Stabilization Corporation and $35,000,000 to the American Cotton Cooperative Association, both at 5½ per cent interest. None of the amount had been paid out up to Sept. 21.

The corporation's statement at the close of business August 31, showed total assets and liabilities of $1,381,028,533.

Loans actually made to that time to banks, railroads, agricultural credit corporations and similar institutions since the corporation was created, totalled $970,536,114. Loans authorized, but not yet made, totalled $249,971,855.

Bank loans have been made in every state in the nation, according to the report.

Bank loans by states included: Iowa, 100; Pennsylvania, 87; Illinois, 53; Wisconsin, 55; Minnesota, 46; Michigan, 40; Texas, 34; Ohio, 30; New York, 19.

Many withdrawals of applications for loans and cancellations, as well as repayments of loans, were listed by the corporation.

Withdrawal or cancelled bank loans during the month aggregated more than $10,000,000.

Total repayments during the month of August included $31,301,176 from banks, $1,573,337 from Building and Loan association, and $224,884 from railroads.

The decision of Trimble to continue to make public the monthly reports which the corporation is required to submit to congress, apparently ends this issue until congress meets in December.

After Trimble made public the report for ten days in July, Chairman Atlee Pomerene of the corporation vigorously protested against further publicity.

Trimble said, however, that under the law he has no choice.

Irish-British Discussions To Be Re-Opened

Irish Will Embark Upon Land Annuity Negotiations With British Is Reported

IRELAND WILL NOT "GIVE IN"

(International News Service)

DUBLIN, Oct. 7.—The Irish Free State will embark upon land annuity negotiations with Great Britain one week from today determined to force Britain to "give in", President Eamonn De Valera told International News Service today.

"We will attend the conference with our views on the subjects to be discussed unchanged," De Valera said. "Britain must give in or else the war goes on."

Reports Denied.

De Valera's declaration set at naught optimistic predictions made recently that resumption of negotiations would lead to satisfactory and peaceful solution of the problem.

President De Valera denied reports from London, crediting him with instituting the recent conference in the British capital, which resulted in agreement to negotiate the land annuity and other financial disputes.

"I am gratified that agreement was reached to negotiate the problems," De Valera said, "but concessions will have to be made by Great Britain. The Irish Free State delegates, who probably will be led by myself, will go to London with this aim in view."

Faces Arrest

LISBON, Portugal, Oct. 7—Samuel Insull, former Chicago utilities magnate now under indictment for larceny and embezzlement, left Paris in the direction of Portugal, Lisbon police said they had been informed today.

Authorities declared instruction had been received to seek and arrest him. Insull is wanted in the United States to answer the indictment.

Reports received from Paris indicated his whereabouts remained a complete mystery there, although some advices expressed the theory Insull and his son, Samuel Insull, Jr., had gone to some country which has no extradition treaty with the United States.

It was also reported that Insull's wife who has remained in Paris since her husband's disappearance, knew where her husband was located but had refused to reveal his whereabouts.

Deaths of the Day

Mrs. Kreba Tilghman

Mrs. Kreba Tilghman, aged 62, 116 North Shenango street, died at 11:50 Thursday night in the New Castle hospital after a short illness.

Mrs. Tilghman had lived in the city the past thirty-five years and was an active member of the Bethel A. M. E. church and other colored civic organizations.

She was born at Uniontown. She is survived by a sister, Mrs. Mary Bumry, Homestead and three brothers, James, George and William Armstrong, of West Elizabeth.

Funeral arrangements have not been completed, awaiting the arrival of relatives.

George Massie, Sr.

George Massie, aged 72, prominent contractor and stonemason until his retirement six years ago, and one of the city's best known and highly respected residents, died at his home, 213 East Grant street, Thursday, October 6, 1932, at 11:40 p. m. following an extended illness.

In the many years that he had been a resident of this city, he had made many friends, to whom the news of his death comes with a distinct shock.

Mr. Massie was born January 23, 1860 in New Deer, Scotland, the son of James ond Mary Betten Massie. He had been a resident and citizen of the United States since March 1880.

He was a member of the Central Presbyterian church. He leaves to mourn his death, his wife, Mrs. Georgina Gray Massie and the following children: Mrs. Isabelle Boughter, James R. Massie, Mrs. Helen A. Synder of Pittsburgh, Mrs. Laura McKeever, at home, also four grandchildren and two brothers, John Massie of Williamfield, Ohio and Alexander Massie of Aberdeen, Scotland.

Funeral services will be held on Monday, October 10, 1932 at 2:30 p. m. at his late residence, 213 East Grant street, with his pastor, Dr. C. B. Wingerd in charge. Interment will be made in Oak Park Cemetery.

Mrs. Myra I. Scott Funeral.

Funeral services for Mrs. Myra I. Scott were held Thursday afternoon from the home of Mrs. O. L. Moore, Enon Valley, with Rev. Harrison Davidson officiating.

The Enon Valley Presbyterian choir sang a number of selections and as a request of the deceased Mrs. Marie Gilkey and Mrs. Alice Sherlock sang "Saved by Grace".

Pallbearers were O. L. Moore, Homer Nisely, Orlo Kaufmann, Charles Allbright, George Andrews and Henry Young. Interment was made in Little Beaver cemetery.

Mrs. Jones Funeral.

Funeral services for Mrs. Susan L. Jones were held from the home on Monroe street Thursday afternoon with Rev. Clifford S. Joshua, pastor of Croton Methodist church, officiating.

Mrs. Paul Weller sang "Jesus Lover of My Soul" and "Rock of Ages", accompanied by Mrs. J. V. Macom.

Interment was made in Greenwood cemetery. Pallbearers were Bill Jones, James Keck, Robert Keck, Myron Kauffman, Norman Davis and Howard Powell.

Mrs. Angeline Rozzi

Mrs. Angeline Rozzi, wife of Paul Rozzi, of 226 South Jefferson street, well known and highly respected resident of the city, died this mornign in New Castle hospital following an illness of some time due to complications. Further details and the funeral arrangements will be announced later.

Coal Dealers Give Warning

People who are able to order their coal supply at the present time should attend to that matter, at once, local coal dealers declare.

There will come a time in the near future, when cold weather arrives, that most everybody in the city will be wanting coal at the same time. Those who can buy coal now, should take advantage of the chance, and prevent a serious congestion later, the dealers declare.

Youngstown Men Are In Accident On Butler Road

It was found at the Jameson Memorial hospital last evening that injuries of Pete Carnelli, aged 45 years, of West Federal street, Youngstown, and John LoGuldice of Vine street, Youngstown, were not of a serious nature. Lacerations of a minor nature on their faces were dressed and the patients discharged.

Kenneth Derke of Pittsburgh, who brought the Youngstown men from the Butler road to the hospital, stated that the automobile of the Youngstown men had apparently been hit by a truck. The accident occurred this side of Rose Point at about 4:30 p. m.

Mr. Derke happened along after the collision and offered to convey the injured men to New Castle.

GUARDS CONFESS PRISON PLOT TO DETROIT POLICE

(Continued From Page One)

Stanton, was absolved of all guilt and returned to his post at the prison.

The confessions of French and Watson revealed that the plan called for the killing of George Addison, 47, rifleman in the North watchtower.

Sold Diamond Ring

"Hall gained my confidence and I agreed to smuggle out letters for him," said French. "Then Watson and I carried out letters for Hall and Cross. One letter went to Hall's wife, Margaret, in Elyria, O. She was told to send me a diamond ring.

"I received the ring and sold it for $200. Hall gave me $10, Watson $20 and asked me to send $80 to Mrs. Schoonmaker in Minneapolis. I did. The money was used to bring her to Jackson.

"I met Mrs. Schoonmaker by appointment in a Jackson hotel. She told me she wanted to get Hall and Cross out of jail.

Plot Unfolded.

"We had three meetings in Jackson. At one of these she showed me two revolvers she brought from Minneapolis. One of them wouldn't work when I tried it. I advised her to get it repaired and she did." Meanwhile Dearborn police, Wednesday, raided the apartment of the girls, found the guns, ammunition and dynamite and nipped the conspiracy.

It was agreed, French said, that Mrs. Schoonmaker would smuggle the guns and explosive into the prison while visiting Hall and under French's supervision.

SESSION OF COURT SATURDAY MORNING

Report Roumanian Cabinet Resigns

(International News Service)

BUCHAREST, Oct. 7.—The cabinet headed by Premier Alexander Voivod resigned unexpectedly today.

The resignation was reported due to some extent to the recent open quarrel between King Carol II and his estranged wife, Princess Helen, over their son, Crown Prince Michael.

The Peasant Party, headed by former Premier Jules Maniu, passed a resolution protesting against the League of Nations' financial recommendations for Rumania. Maniu was understood determined to precipitate a crisis for the real purpose of forcing Carol to act in the interest of his dynasty by giving up his favorite, Mme. Magda Lupescu and gaining international support by a reconciliation with Princess Helen.

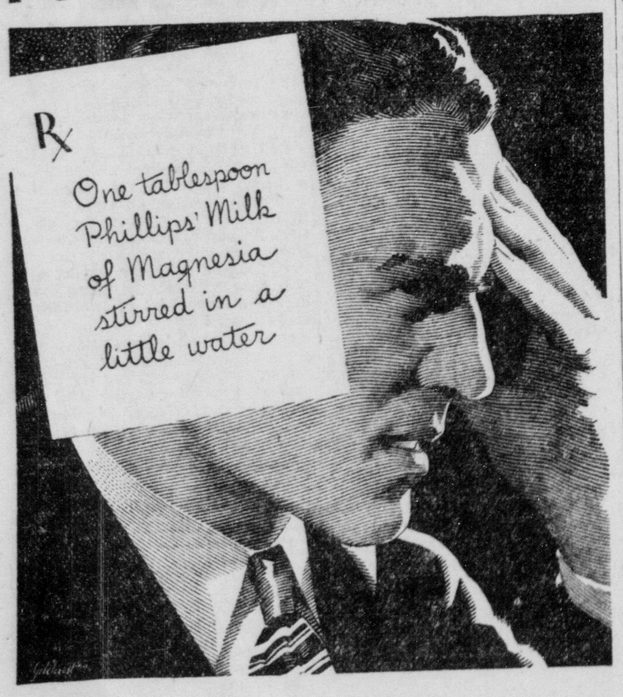
HEADACHE



Frequent headaches mean too much acid. Neutralize the acids with Phillips' Milk of Magnesia. It ends your headache because it removes the cause. Take a little whenever a coated tongue or sour stomach or sluggish bowels warn you of an acid condition. Take it when you've eaten too heartily, or after any meal that "disagrees." Be sure it is genuine *Phillips'* Milk of Magnesia, in this bottle.
ALSO IN TABLET FORM: Phillips' Milk of Magnesia Tablets are now on sale at drug stores everywhere. Each tiny tablet is the equivalent of a teaspoonful of genuine Phillips' Milk of Magnesia.

GARDEN CLUB MEMBERS GUESTS AT LUNCHEON

An unusually interesting meeting of the local Garden Club members was held Thursday afternoon at the home of Mrs. Ernest Greiner on Winter avenue when she entertained at an attractively appointed luncheon, the menu being served at 1 o'clock. Places were marked for all associates and two guests, Mrs. Colin Campbell of New Bedford, and Mrs. Hamilton, the guest of Mrs. Charles Greer, North Jefferson street.

A business session was held, and a complete report of the fall canning project under the request of the Mayors Relief was given by Mrs. W. C. Eckenroad, chairman. The presidents report of spring and summer activities which was read will be sent to the convention of Federated Clubs in Philadelphia and also to the convention of State Garden Clubs in Erie.

Two exceptionally good articles were given, one by Mrs. Albert Treser on "Bulbs For The House," and the other by Mrs. Russell Allen her topic being "Bulbs For The Garden."

Mrs. Campbell representing New Bedford at this County Day meeting, gave a fine talk on the flower show at Atlantic City.

Through the efforts of Mrs. C. S. Royce a delightful exhibition of "Constructive Vegetables" was staged. The entries composed the work of children of Terrace avenue school under the direction of Miss Green and formed the center of attraction. The "Bowl of Health" was especially good.

The North Beaver Garden Club extended an invitation to the local members to attend their meeting on Wednesday evening at the home of Mrs. Wylie Brewster, Mt. Jackson. A large number are planning to attend from here and a guest speaker who is well versed on garden subjects will make the main address.

The next meeting will be held Thursday, November 3, at the home of Mrs. Harry Wettich on Winter avenue.

TEA AT WILMINGTON HONORS OFFICERS

A delightful social event took place Wednesday afternoon when Mrs. Charles Freeman, patroness of the Theta Upsilon Sorority at Westminster College, entertained at an afternoon tea in her Wilmington home honoring Mrs. Beatrice Moore and Mrs. Kathryn Fletcher, National officers of the sorority, residents of Cleveland, Ohio.

Tea was served to forty guests, which included the Pan-Hellenic, Council and president associate of each sorority. The hours from 3:30 to 5 o'clock were observed and those who poured included Mrs. Robert F. Gallbreathe, Mrs. Margaret McLaughry, Mrs. Albert Cordray and Miss Mary E. Turner, the latter Dean of Women. Assisting in the dining room was Miss Florence White and officers of the Theta Upsilon.

In the receiving line was Miss Marian Ferver, sorority president, the guests of honor and the hostess.

An informal social period was enjoyed and Mrs. Moore favored those assembled with a group of pleasing vocal selections.

Class Dinner And Election

The Tau-Delta Class of the Epworth M. E. church, taught by Mrs. C. G. Farr, entertained Thursday evening in the church dining room at a tureen dinner.

A short business period followed with Miss Gladys Irwin, president, presiding. Election of officers occurred and those who will serve the ensuing term includes: president, Ann Fletcher: vice president, Dorothy Lach, secretary, Genevieve Johns, assistant secretary, Florence Rodgers: treasurer, Margaret Shaffer, assistant treasurer, Thelma Twaddle.

Plans were formulated for the Fall work and arrangements were completed for a Hallowe'en party to be held October 28 with Misses Clara Freshwater and Florence Rodgers acting at hostesses, at the home of the former on Brooklyn avenue.

The next regular meeting is scheduled for November 7, Mrs. Twaddle of Riverview avenue to entertain.

Amerita Club.

A delightful meeting was held on Thursday evening at the home of Mrs. Anthony Villani. East Reynolds street, her guests comprising the Amerita club members. Music and cards were the diversions, prizes for the latter going to Amelia Iabucci and Mrs. Rose Scungio, both special guests of the evening.

Mrs. Villani, assisted by her daughter Helen, served lunch at a late hour, individual tables being prettily arranged for this feature.

Plans were completed for a Hallowe'en party to be held in three weeks with Mrs. Mario Frabotta of Grant street as hostess.

The Amberson Art Club

The Amberson Art club held their October monthly meeting at the club studio Thursday evening.

An enjoyable social period followed by criticism of the work of the members and a discussion and comparison of some of the leading art schools was the order of the evening.

EVENING PARTY FOR DORCAS CLASS

The Dorcas class of the Central Christian church had an evening party Thursday in the form of a rally for the winter work.

Mrs. Amy Wink presided at a brief business session, after which the program was turned over to Mrs. Kathryn Nelson, chairman of the entertainment committee.

After the singing of several songs by the group of sixty five present, a series of shadow pictures provided much merriment as the grotesque figures appeared upon the screen. Mrs. Irene Shaffer and Mrs. Minnie Moore portrayed Amos and Andy; Mrs. Amy Wink, Pop Eye; Mrs. Helen Stevens, Aunt Jemima; Mrs. Clara Kenns, Zasu Pitts; Mrs. Pearl Smith, a hobo; Mrs. Claire Walker, Daniel Boone, and Mrs. Cooper, Charlie Chaplin.

Mrs. Elizabeth Sullivan gave a humorous song, "I Wish I Were A Bar Of Soap"; Mrs. Anna Gosney gave a reading and Mrs. Katherine Nelson gave "The Razor Man". Impromptu speeches on "How To Choose A Husband" were given by Mrs. Charlotte Conley, Mrs. Hazel Braatz, Mrs. Minnie Moore, Mrs. Amy Wink and Sidone Kirker. These provoked much mirth.

The group then adjourned to the dining room where tables were handsomely decorated in yellow and white, with bowls of fall roses used as centerpieces. The dainty menu of refreshments was served by Mrs. Elizabeth Critchlow, Mrs. Janet Rennie, Mrs. Sarah Hopper and Mrs. Clara Kenna.

When children won't eat—and won't gain weight—

Try This!

The youngster who has no appetite, probably has *stasis*. A little fig syrup will soon correct this condition—then watch the child eat—and gain!

Mothers should never coax a child to eat. Nature knows best. Remove the cause of a youngster's poor appetite—get rid of *stasis*. Children who don't eat are sluggish. Read what the "California treatment" is doing for sluggish, listless children in every part of the country!

A Pound a Week

Your child will eat well from the day and hour you conquer sluggishness. But that girl or boy with furry tongue and a bad breath should not be dosed with salts!

Begin tonight, with enough pure fig syrup to cleanse the colon thoroughly. Less tomorrow, then every other day, or twice a week, until the appetite, digestion, weight, complexion, tell you the stasis is *gone*. When a cold or other ailment has again clogged the system, fig syrup will soon set things to right.

When appetite fails, tongue is coated white, eyes are a bilious yellow, California fig syrup will gently stimulate the colon muscles—and the child you used to coax to eat will fairly devour his food.

Just One IF—*The claims made for California Fig Syrup are true and it will do the same for you—*IF *you get genuine CALIFORNIA fig syrup. Don't accept any of the substitutes.*

MUST REGISTER SATURDAY

MORE than half of the citizens of New Castle who could qualify to vote at the November election, have not as yet registered, according to figures compiled by News reporters who have looked into the registration on the two previous days when voters could qualify this fall.

Tomorrow, Saturday, October 8, is the third registration day this fall and is the last chance for New Castle voters to register.

Hence, if you are one of the seven or eight thousand who is not registered, you are warned that you must attend to this matter tomorrow, or it will make no difference to you how many candidates are on the ticket in November, or how much you desire to vote for any of them.

You must register, in order to be eligible to vote!

And tomorrow is your last chance!

Obligation as a citizen demands that you qualify to vote.

Attend to the duty early tomorrow!

AMERICAN POSSIBILITIES

Free traders who believe that Uncle Sam should buy abroad and sell abroad and that true prosperity will come from turning over our home market which uses over ninety per cent of our production to the foreign producers in exchange for a market which absorbs less than ten per cent of our production, will not be greatly pleased by the recent statement of Dr. Henry Arnstein, eminent chemical and mechanical engineer of Philadelphia.

In an address before the convention of the American Association of Engineers in Washington the other day Dr. Arnstein declared that eighty-five per cent of the two billion dollars worth of commodities imported by the country could be produced in the United States thereby creating wealth and employment for Americans.

Declaring that the American engineer has been "inactive in developing the country's national resources to create wealth and employment," while foreign engineers are doing everything possible to develop this field, Dr. Arnstein urged widespread teaching of the use of native-grown and native-produced products for the "development of America's natural resources and for the benefit of the citizens of this country."

The speaker, who is well known for his processes of producing alcohol from waste products and the utilization of it for motor fuel, told the engineers that a cure for the diseased economic condition of the country lay with them.

"We must teach the American farmer and the American manufacturer to grow and produce such commodities as we are now importing," the speaker asserted. Urging an "America for Americans" slogan Dr. Arnstein said, "It should be a patriotic duty to demand American-grown and American-produced commodities, and engineers and technically trained men should point out the benefit of research, enabling the utilization of surplus agricultural and manufactured commedities, and enabling the creation of new standards of living."

The United States he continued, is importing a large variety of products, a vast majority of which could be grown or produced in the United States or with one or two exceptions satisfactorily substituted from native minerals through resort to research.

GARNER DODGES BONUS

"I haven't made any statement on the bonus question, and I don't intend to make any."

That was the reply of the "bold," "frank," "courageous" John Nance Garner, Democratic nominee for vice president when asked for his position on this important issue.

And so the tail of the Democratic ticket joins the head of that ticket in refusing to tell the American people where he stands on a question that is certain to come up in the next congress and that is of vital interest to American business.

The reason Roosevelt and Garner refuse to commit themselves on this question, of course, is because they fear they would lose votes whatever their answer would be.

Do the people want to put at the head of their government men who openly and obviously play the demagogue on a question upon which may rest the stability of our financial system?

HERE IS THE FICTION AND HERE IS THE FACT

Al Smith at the Albany Democratic convention: "The tariff closed the foreign markets to us and stifled our commerce." Here is the fiction.

President Hoover at Des Moines: "The tariff act was not passed until nearly one year after the depression began." Here is the fact.

Senator Smoot declares that tariff adjustments in foreign countries began right after the war and have been going on right along. These countries were protecting their own interests, not aiming at the United States. Our commerce has not been stifled by the tariff act. All nations have lost export trade, but the United States less in proportion than the others. Besides, three-fourths of our imports are not dutiable. Here is more fact.

Said Senator Wagner at Albany: "The president's record shows that he is willing to use the tariff laws to pay the political debts of the Republican party without regard to the havoc he plays with the livelihood of the American family."

A senator who descends to such depths of political falsehood richly deserves the contempt of every fairminded man. The highest rates are upon agricultural products. A president doesn't make tariff bills. Congress does that. And it was by the votes of Democratic senators and representatives that existing rates were enacted. There isn't an article on the dutiable list that is not subject to revision by the tariff commission at the request of either house or senate by resolution, and up to date not a solitary Democrat—not even Senator Wagner—has suggested any change whatever. At the recent session Democrats insisted upon duties on coal, lumber, copper and oil.

The Republican campaign suffers from falsification deliberately resorted to by Democratic leadership, with Governor Roosevelt a reckless offender against truth. For example, the governor charged the other day that the passage of the tariff act drained the principal commercial countries of gold. But the president reveals that Europe today has gold which is $1,500,000,000 in excess of what it possessed before the adoption of the act.

Facts are subject to argument and to explanation. It is difficult to overtake lies.—Philadelphia Inquirer.

A Poke on the Jaw
I Was Promised One
But I Didn't Get It

By MARSHALL MASLIN

I was promised a poke on the jaw. I forgot just why. All I remember is that I didn't think I deserved it.

But I do remember that a friend came around and told me that another fellow had said he was going to give me a poke on the jaw the first time he saw me.

I'd said something or done something he did not like, perhaps. Not to him, but to somebody else. It was "righteous anger", not personal anger, that made him so pugnacious. So another fellow went straight to me and told me all about his promise.

It wasn't funny. I was never much of a hand at collecting pokes on the jaw. . . . My brother and I used to fight ferociously. He was stronger and better at it than I have ever been. I'd manage, sometimes, to bloody his nose and then he'd clean up on me. . . . But I never enjoyed it over much. Collecting stamps, pictures of baseball players, and birds' eggs was far less painful. Never once in all my life have I taken a poke on the jaw and said admiringly, "That was a pip, that was!"

So it wasn't exactly pleasant to know there's a fellow going around with his right fist all cocked for my jaw. . . . The uncertainty of the thing bothered me most. When would it happen? At the next corner? In broad daylight? In the dark? In a crowd Or just the two of us together? And how would I take it? He weighed a lot more than I did—could I manage a few pokes in return? Did he really mean it?...My informing friend said he sounded as if he did!

* * *

Finally, after three days of that sort of thing, I met that fellow. . . I'd like to say I did it deliberately. walked right up to him as you do to a dentist, prepared to have it out and over. . . .And nothing happened. We met as acquaintances in a group and talked casually of this and that, and then—when we were alone I said something about that poke.

He looked surprised and then he grinned at me and said: "Aw, who told you that? I just got mad and blew up. What's the sense of you and me taking pokes at each other? Let's forget it."

* * *

So we did, and we were friends. . . . But I've never felt quite the same toward that other fellow—who came and told me I'd been promised a poke on the jaw. He had very little to do.

* * *

(But I've added that poke on the jaw to the long list of things we worry about and never get.)

THE FOLKS AT HOME

If you visited the old home this summer after a period of years, you were surprised, no doubt, by how small everything seemed.

Everything but the friendships you made long ago and still retain, if you have treated the home folk right in the meantime.

Wasn't it good to enjoy, the sincerity of that welcome?

The vigorous handshakes communicated a real message to you.

In the metropolitan district you have become accustomed to hearty handshakes too, but the heartiest come from those who want something.

There was a genuineness to the clasp of the woman who came in from the kitchen, wiping her hands on her apron as she said, "Why Johnnie, is it you?"

To the grasp of the man who drew his hand down along his overall leg before he greeted you with "Suffering cats, it's Jack."

People asked you to dinner because they really wanted you.

They were not trying to pay a social debt or to make you indebted.

Sincerity there was on every side and it thrilled you and warmed you to think that the ones you loved so long ago had not forgotten.

And they were all glad to hear of your success, didn't call it bragging.

It's great to be among those who are real friends.

People who are honestly interested in you.

MAN AND DOG

"Let's go hunting!" "Right!" he said:
"I'll get my faded coat of red,
My peaked cap; my leather belt;,
My mittens interlined with felt;
My boots, my socks, my trousers dun,
My shells, my double-barreled gun,
And in a half an hour or so
With you I'll be prepared to go."

From cellar to the garret ran
A very much bewildered man
In search of curious bits of gear,
Required when hunting days appear.
His wife and children flew about
To get the needed raiment out,
But while they rushed from floor to floor
The dog lay sleeping by the door.

Mankind is slave to curious dress
And things 'tis useful to possess.
With every change that may appear
Poor man requires a change of gear.
Behold his dog! Asleep! Content!
Prepared for any new event,
And when his master's voice is heard
He's up and ready at the word!

John Sharp Williams Called Scholar In Statesman Role

Former Senator From Mississippi Placed Among Most Thoughtful Leaders Of Party And Of Country.

The death of "the last of the Romans," John Sharp Williams, former Senator from Mississippi, recalls his personality and his achievements more vividly, though he had not been in fact forgotten by those who knew him in his senatorial career, which he voluntarily ended a decade ago.

"Loyalty personified. Eloquence at its highest. Statesmanship unto perfection. A patriot is dead. Mississippi and the nation pay due tribute." Such is the thought of the MERIDIAN (MISS.) STAR.

The fineness of his qualities and his attainments is emphasized by editors everywhere. "He was a scholar, a gentleman and a true democrat in the broad sense of the word," declares the LOUISVILLE COURIER-JOURNAL. But his scholarliness was not pedantry, as the ATLANTA JOURNAL makes clear in its comment: "A master of several languages and a lover of the classics, he was as far removed from the conventional 'highbrow' as a forest oak from a hothouse sprig. His mind could play as well as strive. He could take his ease in his inn. He was at once cosmopolitan and charmingly provincial. Unmistakably a Southerner and unswervingly a Democrat, he was preeminently an American and statesman."

"Aristocratic by birth, democratic by nature, happy in disposition, four-square to the beauty, justice, charity and co-operation required for lives worth living," is the way the FORT WORTH STAR-TELEGRAM sizes up his qualities. The DAYTON DAILY NEWS declares that "one of the most picturesque characters of all time passes with the death of John Sharp Williams." Picturing him as having grown up "in a romantic atmosphere of the deep South—come down from antebellum, even Colonial days—which has survived on the Mississippi plantation as hardly anywhere else," the SAN ANTONIO EXPRESS comments: "Though gifted with statesmanlike insight and breadth of vision, he was never quite out from under that spell. It tinged his outlook upon national and world problems and upon life itself."

His retirement from the Senate in 1922 was a great loss to that body, as is attested by many papers. "He retired from the Senate when Henry Cabot Lodge succeeded with his cabal against Woodrow Wilson," declares the MIAMI DAILY NEWS, after having expressed his aversion to "the methods which had been employed not only to create fear, distrust and misunderstanding in America, but to set us on the way of political isolation, which was to be followed inevitably by economic isolation." The SCRANTON TIMES recalls that "when John Sharp Williams quit the Senate a decade or so ago there was genuine regret at his leaving public life which he had graced for thirty years." The HOUSTON CHRONICLE records: "The defeat of the League broke the heart of Woodrow Wilson. It broke the spirit of John Sharp Williams." The ROANOKE WORLD-NEWS is reminded of his famous statement, "I'd rather be a hound dog and bay at the moon from my Mississippi plantation than remain in the United States Senate," words spoken "when the Senate rejected Wilson's plea for American participation in the League of Nations."

"His was a long career of active politics and statecraft," points out the OKLAHOMA CITY TIMES. As to his power in the Senate, the HARTFORD DAILY TIMES remembers him as "a brilliant and forceful speaker, devastating and often bitter in the exchange of repartee. Some of his speeches were classics" it avers. "He was thoroughly honest, thoroughly intelligent, andn one of the most important Senators of his day."The Times continues. The BALTIMORE SUN sees him in retrospect as a "scholarly, fiery, romantic, old-fashioned, humorous man, who could make Lodges, Dollivers, Penroses and Aldriches squirm in their seats," while the NEWARK EVENING NEWS says: "When he rose to speak, the chamber quickly filled, and even in his age he was a great and noble fighter for what he thought was right. He was big in the best sense and had a titanic scorn for littleness in any form." The PROVIDENCE BULLETIN declares, "There was in him the power and force commonly associated with the old giants of the upper House." With the assertion that "Senator Williams was an antagonist in debate whom few of his compeers cared to meet, the NASHVILLE BANNER comments: "He feared no man, and avoided no antagonist,**** possessed in rare degree the power of discovering and penetrating the weak point of an opponent and delivered the attack with telling force." The WILMINGTON (DEL.) MORNING NEWS says of him, "A few years ago one of the most notable figures in the United States, a Democratic leader of ample ability."

ONE ON BENNETT

They tell it of James Gordon Bennett. He hated a drinker, and the boys who worked with him were all aware of it. One of the pressmen returned from a bender with a beautiful black eye.

As luck would have it, James Gordon popped into the pressroom that day. The fellow spotted him before Bennett saw him, and rather than explain the "shiner" and run the risk of being fired, chose to rub printer's ink all over his face. On his tour of inspection around the pressroom, Bennett came upon the besmudged pressman, busily burying his nose in his work.

"Who's the fellow?" he asked the foreman. Upon being told, Bennett asked: "What do you pay him?" The foreman quoted the figure.

"Double it," snapped Bennett. "He's the only man in the place who seems to be doing any work."

Stock Exchange Pictured As A Messenger Carrying News Of American Business

By RICHARD WHITNEY
President, New York Stock Exchange

The Stock Exchange is a messenger carrying news of American business. The price of the securities of any company reflects that particular enterprise, and, as most important companies have their stocks and bonds listed on the Stock Exchange, the rise or fall of security prices in general indicates the condition of business in the country.

When business is good, security prices rise; when it is bad, they decline. The Stock Exchange is the source of the quotations which indicate the value of the stocks and bonds held by millions of persons, and so it is often thought to be responsible for price changes, which, in reality, are caused by the general trend of business.

We are told it was the custom of kings and rulers many years ago to reward handsomely a messenger who brought good news, and to punish, sometimes even with the penalty of death, the bearer of bad tidings. I cannot help feeling that this ancient custom has not entirely disappeared, and that, in recent months, the Stock Exchange has been the victim of the unfavorable news which it has been forced to carry to the public.

E. And A. Division Fireman Flies 2000 Miles To Get Job

At the Youngstown yards of the Pennsylvania railroad E. and A. Division, there's one man in particular who was anxious to get his old job back Thursday—so anxious, a news reporter learned, that he dared to take a 2,000 mile airplane flight, his first at that, to get to it.

Out at San Antonio, Tex., where Locomotive Fireman Robert B. Cornell had gone to visit, airport attaches sensed his newness as an air passenger and placed cotton in his ears and gave him chewing gum besides. Then the plane roared eastward.

Cornell, Erie & Ashtabula division offices said, has been employed for the railroad for some time, but recently has been on furlough. He lives at Jefferson, O., and is known here.

E. & A. operating officials informed Cornell's home by letter that his job would be ready this week, but it happened that the railroader left two weeks ago to visit his parents in the Lone Star state. So his wife hurriedly sent a wire.

Between the arrival of the message and Cornell's arrival in Youngstown, it was only a matter of hours. He chose the plane although he'd never traveled in the sky before.

Cornell today was at his fireman's post in a Youngstown yard engine—feeling no effects from the cross-country flight other than a $77 shortage in his wallet. Nevertheless he's back at his job.

Wampum District Has Convention

Sabbath School Association Of District Hears Of Methods And Service At Meet

Many teachers, officers and interested persons attended the Wampum district meeting of the Sabbath School Association, held in the First Baptist church of Chewton Thursday afternoon and evening.

At the afternoon session Rev. F. C. Black of the Oak Grove United Presbyterian church spoke on "The Approved Methods of Sabbath School Teaching" and gave some salient points to the teachers.

The evening speaker was Rev. Ross M. Haverfield of the Westfield Presbyterian church, who took "Service" as his theme and delivered a most forceful discourse on this subject.

Officers for the ensuing year were named, with Paul Coulter as president; Guy Davis as vice president; Nancy Douthitt, secretary, and Mrs. Stella Hennon, treasurer.

City's B. Of R. T. Delegate Shares Session Of Legislative Board

Endorsement of the six-hour day now being considered by the Interstate Commerce commission and the Federal full crew bill pending in Congress featured Thursday's sessions of Pennsylvania's state legislative board of the Brotherhood of Railroad Trainmen, in session at Allentown according to W. E. Erk, New Castle representatives iu attendance.

Sessions are being continued today with the discussion and recommendation of laws to be presented to state and national legislators. The railroaders' auxiliary is also in session there.

Chairman George B. Rowand, state chairman, presiding, yesterday announced the new roster of the board's finance, resolutions and law committee.

DETECTIVE'S DAUGHTER PROVES GOOD SLEUTH

(International News Service)

SEATTLE, Wash., Oct. 7—Rita Callahan, 10, daughter of Detective H. S. Callahan, is a sleuth in her own right and has $5 reward to prove it.

Rita found a wallet containing $21 in an alley. She called her father into consultation about restoring it to its owner. He made some suggestions, but Rita decided to try a scheme of her own.

She returned to the "scene of the crime", as all good detectives learn to do. When a man came along, apparently seeking a lost article, Rita questioned him. Satisfied he was looking for the wallet, and also satisfied he was the owner, she returned it to him.

He gave her $5 for her sleuthing.

CHARTER RECORDED.

Charter for the Higgins Dry Goods Company has been placed on record at the register and recorders' office. The incorporators are Fred F. Higgins, John M. Higgins and Ruth C. Higgins. Capital stock is $15,000 divided into 150 shares of the par value of $100 each.

Railroad Employes To Organize Monday

Employes of all railroads, operating in this district, will meet Monday evening at 7:30 o'clock in the city council chamber for the purpose of effecting a general organization for action in furthering the interests of the railroads and also securing the enforcement of existing legislation and urging other legislation beneficial to them and the railroads.

The wives, mothers and sisters of these employes have also been invited to participate and join the organization, the members of which will all be voters. The movement has its inception among the various railroad employes as a means of preserving their means of livlihood.

J. Herb McIlvenny will be chairman of the meeting Monday evening. A permanent organization will be effected at that time.

Make Plans For Convention Here

Executive Committee Members Of Educational Body In First Session

Meeting with the president of the Mid-western section of the Pennsylvania State Educational Association, Dr. C. C. Green, Thursday evening, the executive committee of the section advanced plans for the first convention of the newly formed section.

The executive committee did not set the exact date of the convention which will likely be in February of 1933, but will do this on November 3. Present at the meeting Thursday night were Dr. Green, S. W. Lyons of New Brighton, John T. Connell of Butler, C. R. Cramer of Kittanning, and R. G. Walters of Grove City.

HERE'S REAL NEWS; MAN BITES DOG

(International News Service)

EL PASO, Tex., Oct. 7—Antonio Romundo, 18-year-old butcher shop delivery boy here, is one of the very few who ever made news by biting a dog. He also made $5 at the same time.

Romundo was standing on a street corner talking with companions. A dog trotted by him.

"I'll bite him for $5," Romundo said.

His offer was accepted.

Whereupon Romundo grabbed a big piece of the dog's tail in his mouth and clamped down on it.

The dog gave a startled yelp and fled.

Romundo collected the five spot.

Catarrhal Deafness Can Be Relieved

Persons suffering from catarrhal deafness or head noises due to catarrh will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected relief after other treatments have failed.

Secure from Eckerd's of New Castle, Inc., or your druggist one ounce of Parmint (Double Strength). Take this home and add ¼ pint hot water and a little sugar. A tablespoonful four times a day should stop distressing catarrhal head noises, improve hearing, make breathing easier and dry up mucous discharge. All catarrh sufferers need Parmint.

YOUNG FLIER DIES AS FRIENDS WATCH

(International News Service)

CANTERBURY, Eng., Oct. 7—That a desire to "show off" was responsible for the death of a 21-year-old airman was the suggestion made at an inquest here.

The dead flyer was Flying Officer Pharazyn of the Royal Air Force.

He was killed when his plane, flying low, hit a tree and burst into flames.

A friend of the boy, who was a Cambridge undergraduate, stated that he believed that the boy flew low to attract the attention of his friends, and that is how he crashed.

NEW CASTLE SENIOR HIGH

(News Notes Contributed By Students)

AIDING CHARITY WORK

Quietly but effectively a charitable movement intended to sprinkle cheer among a part of New Castle's unfortunate families is being piloted these days by an energetic group of 35 Senior high school girls—part of them student cooks, part of them student seamstresses.

The American Red Cross and Mayor's Relief Committee, welcoming the cooperation which the girls volunteered, are working hand in hand with the school folk in their canning of foodstuffs and making of baby layettes.

At the head of the work are Mrs. Viola Healy and Miss Ruth Wallace, faculty supervisors of the school's home economics department. The girl volunteers are all enrolled in their classes.

Twenty-two of the young ladies donned aprons and tackled the canning job this week while the other 13 devoted their time to the infant's layettes.

In the cooking division each girl's canning quota was about 15 quarts, and more would have been prepared had the food been donated. It was the Garden Club that generously supplied the quantity of tomatoes and peppers which the group was able to put up. It is hygienically canned, and Mayor's Relief dependents will benefit from it.

Helped by both the Red Cross and the Needle Work Guild here, the child care class is now rendering a worthwhile service. Each of the 13 girls has completed at least three layettes from the store material they themselves must purchase with limited Red Cross or other funds.

Some of the layettes, the group said, are to fill definite orders on hand now from homes of jobless men while others are being prepared to meet future calls.

In the cooking class these girls are serving:

Elsie Boolish, Nellie Brown, Grace Bruse, Martha Chain, Helen Cotton, Gertrude Fee, Marion Ginsburg, Kathryn Hallowich, Mildred Hay, Anna Hill, Helen Kirkwood, Katherine Lewis, Eleanor Loy, Catherine Mullen, Virginia Rudy, Dorothy Roberts, Anna Roth, Violet Simonton, Mildred Thompson, Anabel Tindall, Helen Warso and Katherine Weinschenk.

These girls are sewing layettes:

Nell Horton, Peggy Hulme, Vivian Jenkins, Doris Lord, Anne Russo, Josephine Kendall, Ethelyn Douthett, Marguerite Jenkins, Edis McCann, Marie Kenst, Antoinette Domiano, Marie Roman and Vera Simonton.

OBERLIN EVENT DUE

One week from tomorrow, or Saturday, October 15 to be more exact, "High School Day' will be celebrated at Oberlin College at Oberlin, O., and Senior high students are annually concerned with it.

The principal object of the day is to give examinations to all high school students desiring to apply for Oberlin scholarships.

Examinations will be held in ten academic subjects and four musical subjects. The highest competitors in each exam will be awarded $300 scholarships, amounting to paid tuition for two semesters.

On Tuesday there will also be a pre-view of a movie at the Appolo theater and an exciting football game, with Oberlin meeting Rochester. In the evening after a bonfire party, there will be a dance for the college students to which high school guests will be invited.

Ne-Ca-Hi plans to have its representatives present for "High School Day" but names will not be known until later.

GRADS WIN PRAISE

Letters from colleges that Ne-Ca-Hi students are attending have been coming to Principal F. L. Orth's office all summer, bearing congratulatory statements as to accomplishments the graduates have obtained. The group compares very favorably with that of other secondary schools.

Some students, say part of the letters, have even surpassed expectations. For example, Angeline Castrucci, now a Temple university student, was not required to take freshman work either in English or in French. Her high school preparation placed her immediately in the sophomore class.

Reports tell of cases similar to that of Miss Castrucci.

CLASSES HEAR LESLIE

Principal R. G. Leslie, local elementary school head here, spoke this morning on "Taxes" to Problems classes taught by Miss Elsie Calvin. About 175 students heard him during third period.

For the past few days taxes have been discussed in Miss Calvin's classes and Mr. Leslie's talk was most apropriate. His message dwelt on chiefly local taxes.

G. R.'s MEET MONDAY

Girls not yet acquainted in the Senior high's Girl Reserves won't be strangers after the group's meeting in the Y. W. C. A. on Monday, October 10 at 7:30 p. m. It marks the first regular meeting since school took up.

Activities for the year will be talked.

GRIDDER GETS FLOWERS

In the home room presided over by Donald Copson, a Junior B class misses a member, Joe Kolodjeska. As a handshake to the gridder who suffered a leg fracture in the Charleroi game his report room mates have sent him flowers. Joe is in the New Castle hospital.

EDIT COLUMN COPY

Contributing news for the new Senior high cclumn are different Senior A writers of the January 1933 "Ne-Ca-Hi" staff supervised by Miss Frances McClaren, head of the school's English department, and Miss Charlotte Taylor, also of the faculty. Material is now being collected by Edith Ziegler and Lois Marion Smith.

HIS LOSS OF CENTS MAY BRING SENSE

UNIONTOWN, Pa., Oct. 7—His mania for collecting pennies resulted badly for Howard Shaw of Coolspring, who operates a news stand at the West Penn terminal.

For the last two years he has saved pennies, getting all the surplus Indian heads the street car conductors had at the end of their runs. He also made daily visits to the postoffice for pennies. He kept them in a huge ice cream can. Last night the can with 17,488 pennies disappeared. Two colored boys are sought.

BOY, 3, IS JAILED BY BOOZE RAIDERS

WARREN, O., Oct. 7—Mrs. Mary Carlson 38, and her three year old son are in county jail, following a raid on her home in Fowler, near here. Constables reported that they found a still in the house. Mrs. Carlson denied that it was hers saying she had just moved into the house. She was bound over to the grand jury under $1,500 bond. She refused to leave the child at home and he was taken to jail with her.

"Brass Tacks" On The Sunday School Lesson

The Golden Text

I will walk within my house with a perfect heart.—Psalm 101:2.

(The International Uniform Lesson for October 9 on the above topic is Gen. 50: 17-21; Luke 2:40-52, 10:38-42, the Golden Text being Psalm 101:2, "I will walk within my house with a perfect heart.")

By DR. ALVIN E. BELL

Home is too often the place where folk receive the most attention and show the least appreciation. Business demands that we be at our best, and we often make up for it when we get home by showing ourselves at our worst to those who love us best.

If one inquires as to what are the requisites of the ideal home the answer is that the first and chief requirement is love. This love should have its adequate basis not only in the physical relations of the home, but also in the mental and spiritual kinship of those who make up the home and family. Joseph's brethren destroyed the happiness of their home by letting jealousy and hatred creep in and destroy love. The happiness of their home was restored again through the magnanimity of Joseph in forgiving his brethren of the wrongs they had done him. "There's no place like home" because here more than elsewhere love radiates comfort and kindliness to give the home its own peculiar atmosphere.

Jesus At Home

Our homes are immeasurably richer for that single glimpse the gospel gives us into the humble home of the carpenter of Nazareth which for 30 years Jesus called home. Here dwelt not only love for one another, but that which is even more important, love for God and the services of God's house. "His parents went every year to Jerusalem at the feast of the passover. And when he was 12 years old, they went up after the custom of the feast."

Religion had its proper place in Jesus' home. Its atmosphere was spiritual. It made provision not only for the physical and mental development of the child Jesus as he grew up in this home, but for his spiritual development.

And so we read of the four-fold development of the child Jesus mentally, physically, religiously and socially: "And Jesus advanced in wisdom and stature, and in favor with God and men." Home should be more than a "filling station" to minister to our physical needs. It should minister to the development of body, mind and spirit.

Jesus' conduct in the home is our pattern of loving obedience to parents on the part of the children of the home. Although his wisdom and understanding were sufficient to amaze the religious leaders of his nation, yet he submitted himself to his humble earthly parents as "he went down with them, and came to Nazareth, and was subject unto them."

At Home To Jesus

The home of Mary and Martha at Bethany was one where Jesus often made himself at home. Martha, however, was too much engrossed in the material preparations for Jesus' entertainment to really make him feel at home with her. Martha was getting worried about much preparation. All of a sudden she burst in and said: "Lord, don't you care that my sister has been leaving me to do the work alone? Tell her to take hold and help me."

But the Lord replied to her: "Martha, Martha, you are anxious and agitated about many things. But there is actual need of just one dish. Now Mary has chosen the good portion which indeed shall not be taken away from her." (Prof. A. T. Robertson's translation.) So there is a happy proportion we must try to maintain between the material and spiritual needs of the home if Christ is to feel at home with us.

DANDRUFF Soon Destroys the Hair

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get plain ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and two or three more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. (It won't cost you more than thirty-five cents, no matter how much dandruff you have. This simple remedy never fails.

DRAFT PICTURE OF 'TYPICAL GERMAN'

(International News Service)

BERLIN, Oct. 7—Aided by hundreds of counting machines, 1,800 officials and employes of the German statistical office are busy drafting a picture of the typical German, how he lives and works, from a survey of 65,300,000 people.

When the work was started three years ago, the average German was found to drink 17 gallons of beer, 2½ gallons of wine and a half gallon of hard liquor a year. He smoked 408 cigarettes and 72 cigars and lit them with 1,900 matches. In the course of 12 months he ate 154 pounds of bread, 770 pounds of potatoes, 107 pounds of meat, 44 pounds of vegetables, 33 pounds of fruit and 22 pounds of butter.

Since 1928 conditions have become so bad in Germany that the statisticians had to start all over again. Smoking and drinking had decreased enormously.

May Allow Woman To Attend Burial Of Slain Husband

Seek To Gain Release Of Woman Held For Killing Of Husband, To Attend Funeral

(International News Service)

KANE, Pa., Oct. 7.—Habeas corpus proceedings were started today by counsel for Mrs. Beatrice Sullivan, 38, in an effort to obtain her release from jail to attend the funeral of her husband, Neil, for whose death she is being held without bond.

Funeral rites for Sullivan are to be held tomorrow afternoon. Mrs. Sullivan is in the county jail at Smethport.

Sullivan died from two bullet wounds in the head which a coroner's jury declared in a verdict to have been inflicted by a gun in the hands of Mrs. Sullivan.

Missionaries Cut Toll Of Leprosy In African Jungle

(International News Service)

PHILADELPHIA, Oct. 7.—Sleeping sickness and leprosy are steadily being subdued by Presbyterian medical missionaries in Africa, according to a report received here from Mrs. W. D. Newhouse.

The report stated that the general situation concerning sleeping sickness in the Abong Mbang district has improved noticeably, the government doctors having proved tests that the percentage of the entire population having sleeping-sickness virus circulating in their blood has been reduced to 2.6 per cent.

Mrs. Newhouse, editor of the Drum Call, official medium of the West Africa Mission of the Presbyterian church in the U. S. A. with headquarters at Elat, Cameroun, further stated that the percentage of new sleeping sickness cases has been reduced to 1.35 per cent.

The conclusion is that while the disease is not yet completely stamped out, it is no longer epidemic as it was a few years ago. The vigorous measures of Government and missionaries have saved villages and tribes from practical extermination, the report said.

Similar progress has been made in leper work.

ELKS TO MAKE 25-YEAR VETS 'LIFE MEMBERS'

Certificates bestowing life memberships to 50 outstanding brothers of the New Castle Lodge of Elks, No. 69, already past or approaching the quarter-century mark of lodge affiliation, will be passed out by Exalted Ruler John D. Hite when the lodge convenes on Wednesday, October 12, at 8 p. m.

At a recent meeting of the lodge life memberships were voted to all 25-year veterans who "have done outstanding work for their lodge."

Besides the recognition service there will be an entertainment program of amateur boxing, a free lunch and other side features.

On October 13 the Elks will stage a card party with their wives in the lodge room.

Unique Auto Has All Luxuries Of A Drawing Room

(International News Service)

DETROIT, Oct. 7.—The automotive capital has seen many unusual motor cars but probably none in a class with that driven here by John T. Batts, Grand Rapids, from his winter home in Pasadena, Calif.

Batts designed and built the body himself after some five years of research. He believes cars of similar type will revolutionize transcontinental travel.

Incorporated in the design of the body are all luxurious comforts of a drawing room. The chassis is of the standard eight-cylinder type. Through the day the passenger compartment is a comfortable lounge with down-up holstered easy chairs, almost unlimited vision, ventilated and insulated completely against heat, noise, cold or dust.

At night it is a sleeping chamber with berths of feather bed comfort. Stream lining has been carried out to a high degree, and innumerable safety featurese are built into the car.

"One can sleep with no sound to bother him," explained Batts, "no matter if traveling at 10 or 75 miles per hour."

He tows a small service car behind the travel car which serves for shopping trips and does duty as chauffeur's quarters when not driving. Accompanied by his wife, he shortly will begin a tour of the United States, touching all four boundaries.

SELLS WOODEN EGGS

(International News Service)

PORTLAND, Ore.—A Connecticut Yankee made the first wooden nutmegs, but it remained for an Oregonian to manufacture wooden nest eggs of red cedar and thereby acquire a prosperous business. The cedar nest eggs find approval in the sight of the hens because they warm more easily than glass or porcelain and their odor is distasteful to vermin, the producer claims.

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle.

The night life of the back streets changes with the temperature. For the back street night life if a rather tender plant, curling up under the attacks of Jack Frost and his lodge brothers, blooming when the nights are warm and balmy.

Two months ago the corners, the store porches, and beneath the electric lights could be found the neighborhood gangs, young fellows who wouldn't stay in the house but who wouldn't go far away. The "Sweet Adeline" warblers who perennially take a fairly good song and proceed to give it a rather brutal going over.

The corners are deserted these nights, electric light shines down on nothing but the street, and the harmonizing quartets, the impromptu forums and the midnight argufiers have retired to the shelter of the confectionery store, the restaurant and in some extreme cases have even gone home.

Driving the back streets at midnight these nights is a lonesome job. The cop on the beat is about the only person you pass and he looks you over rather quizzically. You might be a gangster or something, you know.

Up in New Wilmington the folks insist that you must get around tomorrow afternoon when Dr. Galbreath signs on officially. A doggy affair, judging from the early stories concerning the induction, followed by a football game. That's going from something or other to something else again, but it's all in the day's program.

As for tonight, the entertainment is at Taggart stadium, where Coraopolis attempts to stem the crimson tide as it surges up and down the gridiron.

And one of the places that seems to be holding up to its opening record of attendance is the tabernacle on South Mill street. Just two men telling a story that is nearly 20 centuries old, but one that is always new.

VOTE MACHINE CUSTODIANS JUIT

SHARON, Oct. 7.—P. J. Whalen, chief custodian of the Mercer county voting machines, and his four assistants resigned yesterday following a stormy session with the county commissioners. The break came over a proposed reduction in pay which the custodians say amounts to practically 50 per cent.

It will be necessary for the commissioners to bring factory men here to prepare the voting machines for the November election unless the custodians recall their resignations.

Two Blondes Plan Trip In Jungle Of State Of Equador

Young Writer And Tourist Adviser Will Be First White Women In Jungle

Are Not Afraid Of Many Dangers That Lurk In Great Unexplored Territory

By DOROTHY DUCAS
International News Service Staff Correspondent

NEW YORK, Oct. 7.—Two young women are going to penetrate the unexplored jungle of Equador, visiting the Jivaro headhunters who "never have seen a pair of blondes in their lives."

They are Miss Marian Gillespie and Miss Violet (Dixie) Ohlesen of New York. Miss Gillespie is a writer and Miss Ohlesen a tourist adviser. They are sailing on the Santa Barbara October 21.

Unaccompanied by any white man, but taking a guide and an interpreter, they will start from the Hacienda of Richard C. Gill on Butterfly mountain, 5,000 feet up the eastern slope of the Andes, they revealed Wednesday. They will be the first white women to set foot on Jivaro soil.

Will Prove Worth

"We want to make the jungle safe for democracy," grinned Miss Gillespie, who is an ash blonde while her companion is of the honey variety. "We want to prove women can do anything men can.

"Of course there will be hardships, but I believe women can stand them as well as men—especially mental hardships. Once we start on this thing, there will be no turning back."

Miss Gillespie hopes to get material for some articles, Miss Ohlesen will collect fossils, stones and Indian trinkets for a museum.

They are thrilled by the stories of the Jivaroes, who shrink the heads of their slain enemies by removing the bones and inserting hot stones.

The girls will wear knickers, boots, long sleeved shirts with high collars and wide-brimmed hats.

Lots Of Animals

"We'll have to be careful not to get anything down our necks," said Miss Gillespie cheerily. "We're not afraid of snakes or bears or monkeys. As for crocodiles, we'll be near the headwaters of the Amazon, where crocodile-shooting is good. We'll each sleep with rifles besides us.

"Frank Buck told me a pair of blondes are safer in the jungle than on Forty-Second street and Broadway, anyhow."

Both girls refuse to be daunted by anything, even inoculations against tropical diseases.

"My chief annoyance will be the absence of bathing facilities," Miss Gillespie said. "I am bringing by bathing suit along, in case we find a place to swim, but I am a little afraid the Indian chieftains have different moral concepts than we Americans and would be shocked if they saw us.

No Ferocious Cats

"Of course we are taking our powder, cold cream and lipstick. Those things are automatic."

There are no tigers in Equador, or leopards, lions or other ferocious cats, both girls agreed.

"You see," said Miss Ohlesen, who was born in British Columbia and is used to nothern jungles, "if we blaze the trail we may make jungle tours very popular among strong-minded women."

CHURCH NOTES

Sunday services in the Methodist church are to be of an unusual character. The first home coming of the church is to be observed. There will be special music at all the services with a children's chorus in the evening. The morning services will start at 10 o'clock with Sabbath school under the direction of George Body, superintendent. Worship service at 11 o'clock. "The Influence of the Familiar" will be the sermon theme of the pastor, Rev. V. L. Bloomquist. The afternoon service will start at 2:30 . Olden days in the church will be recalled. Several of the former pastors of the church are expected to be present and they will speak at this meeting. The evening service will be at 7:30, with Dr. C. G. Farr, district superintendent, the speaker of the evening.

CLASS MEETING

Monday evening the members of Rev. Bloomquist's Sunday school class motored to the home of Mr. and Mrs. Norman Guy in Ellwood City for their regular monthly meeting. At the business meeting the following officers were elected: President, Norman Guy; vice president, Mrs. Alice Braatz; secretary-treasurer, Henry Taylor; flower committee, Mrs. Walter McFerren and John Tanner. The evening was spent in playing various games, Paul Quarterson winning the bean guessing contest.

CLASS MEETING

The class of Mrs. W. E. Geiger will meet for its regular monthly meeting at the home of Mrs. Sam Tanner this evening.

MISSIONARY SOCIETY

The Woman's Missionary society will meet next Tuesday evening at the home of Mrs. Clyde Smith. The second chapter of the study book on The American Indian will be presented.

SAVANNAH NOTES

Miss Margaret Weinschenk motored to Conneautville recently.

Miss Frances Reno is a guest at the home of Miss Dorothy Downs in Petrolia.

Dr. Harold Black of New Wilmington was a caller at the home of Rev. Bloomquist on Monday.

Rev. and Mrs. C. L. Downs of Petrolia called on Mr. and Mrs. Frank Reno and Mr. and Mrs. Sylvester Sage last Tuesday.

Mr. and Mrs. Floyd Risley and Mr. and Mrs. Claude Myers of Jamestown N. Y., and Mrs. Charles York of Cleveland, O., spent the week-end at the home of Rev. and Mrs. V. L. Bloomquist.

Nine Inmates To Receive Paroles

(International News Service)

HARRISBURG, Oct. 7.—Nine inmates of penitentiaries, including two serving terms for murder, will be released on parole. The recommendations were made by the board and approved by Gov. Gifford Pinchot.

In addition to the murderers, others being released include those serving terms for forgery, embezzlement, arson, and robbery.

The board continued the case of George Henderson, Cambria county murderer, who was sentenced to be hanged in August, 1913. The death sentence was commuted to life imprisonment in 1914 and he is now asking for complete freedom.

Two pardon pleas were refused.

Among the paroles granted was that of Clarence Heitzenrater, Indiana.

Soaps that save you work are hard on hands

• Now there's a soap to cheer your working hours! The New Oxydol does more work than any soap you've ever used and *still* is kind to hands and dainty things!

It makes 50% *more* suds—richer, longer-lasting suds that do the work for you—that's the secret. Thick, lively suds that don't fizzle away and let the dirt fall back on the clothes for *you* to rub out. Sweet-smelling suds that *soak* clothes snowy white, that make dishes sparkling clean.

Don't be afraid to use enough for rich suds—the New Oxydol won't ball up or leave a scum—every particle of it dissolves instantly into foamy suds—that's why it's so economical, such a joy in the washing machine. And don't forget it softens water, makes such suds in any water. Ask your grocer today for one of the big bull's-eye packages of Oxydol. You'll bless the day you learned its name.

Mrs. Evan Child To Support Hoover

Former Wife Of War Time Ambassador Child, Joins Hoover Forces

(International News Service)

NEW YORK, Oct. 7.—Mrs. Evan Sanderson Child today offered her services in any capacity in the fight to re-elect President Hoover.

Just a few weeks ago, her former husband, Richard Washburn Child, war time ambassador to Italy, announced that he would support the candidacy of Governor Roosevelt.

When Mrs. Child called at Republican headquarters today, she said Hoover's Des Moines address had convinced her that any change in leadership at present would be "foolhardy and stupid."

Mrs. Child was the former ambassador's second wife. She married him in 1927, and on December 4, 1930, obtained a divorce in Newport, charging cruelty.

Hoover Cables Japanese Ruler Word Of Regret

President Extends Regrets Over Missing Japanese Airmen In Pacific Flight

(International News Service)

WASHINGTON, Oct. 7—President Hoover Thursday cabled a message of sympathy to the Emperor of Japan regretting the fate of the three Japanese Pacific fliers who attempted a non-stop flight from Japan to Alaska.

"I desire to extend to you and to the people of Japan my deep personal sympathy, which I assure you is shared by all Americans in this time of anxiety over the fate of the three Japanese aviators, Homma, Baba and Ishita," the president said.

"It is our sincere hope that these courageous men may yet be found. I assure you that this government has done, and is doing its utmost to assist in the search, and I pray that this search may be successful."

South Side Plans Hallowe'en Event

Details Will Be Worked Out By South Side Board Of Trade

Plans for the annual observance of Hallowe'en in the South Side of the city will be made at the meeting of the South Side Board of Trade to be held next Tuesday evening at 8:15 o'clock in the office of Squire J. Lee Cooper.

At this time the details of the celebration will be worked out, the committees appointed and the time of the celebration decided upon. There will also be a number of matters of importance acted upon at this meeting.

Police Issue Dance Permits

Indoor dancing has commenced and from now until spring the city will realize money from this form of amusement as it costs an owner of a dance hall $15 to allow dancing to be staged therein and each person who conducts a dance must pay $1 for the privilege. During September two halls were licensed and seven dances held.

Claims Husband Kept Her Prisoner

(International News Service)

DETROIT, Oct. 7.—Claiming that her husband, William Venesky, of De Lancey, Pa., kept her prisoner and forced her to sign a marriage contract, Mrs. Jenny Venesky, of Detroit, today filed a petition for divorce.

Her bill charged that Venesky invited her to his home last spring to discuss marriage, and then forced her into a wedding. After their marriage, she charged, he kept her prisoner in his home, guarding her at all times and locking her in when he went to work. Relatives assisted him to guard her, she said.

It was not until many weeks later that she "escaped" and returned to Detroit, the bill related. On one occasion, she said, he forced her to go without food for three days.

Venesky's address was given as "House No. 200, De Lancey, Pa."

Children Will Sing Saturday

Huge Choir Of Youthful Voices To Feature Saturday Night

RURAL NIGHT DRAWS THRONG

"Spiritual Suicide" Is Theme For D. Philpott's Sermon This Evening

"A spiritual Suicide" will be the sermon subject at the tabernacle this evening.

The boys and girls of the city will assemble at the tabernacle tent on South Mill street Saturday morning at 9:30 and the meeting, in charge of Mrs. A. W. McKee, will last until 10:30.

The huge children's choir, about 600 voices will be heard at the Saturday evening service.

Services will be held this evening at 7:30 with the sermon preceded by a half hour of song.

"Rural" night was observed at the Tabernacle tent Thursday evening, when delegations were present from Harlansburg, Princeton, East Brook, East New Castle, New Bedford, Enon Valley, Westfield, Bessemer, Volant, Pulaski, Mt. Pleasant and Edenburg. The delegations filled the center section of seats and their voices rang out in the song service. Featuring the song period were solos by "Red" Williams, Marian Butler and M. Black of Princeton, and a trio by these singers.

Dr. P. W. Philpott's sermon was on "How I May Find My Place in Life," and he took his text from portions of the seventh chapter of Isaiah. He said the greatest need of the hour is a revived sense of our need of the Divine Lord and he took the vision and vocation of Isaiah as the basis of his admonitions for each one to have a vision of the Lord and to keep this in view.

He spoke of the sorrows that come to each one along life's pathway and how prayer during these times of stress will bring great blessings to the soul. He spoke of some people so stoical, so deadened by sin that they have no ear for the call of God, but when one sees the vision of the Lord God opens your eyes to the need of yourself and the call of mankind for a Savior. If we confess our sins God is faithful and will forgive and cleanse our souls. The marvelous thing about him is that he takes away the sin of years in an instant.

We do not know the real plan of our life, but if we put ourselves in Jesus' hands the plan will unfold.

At the close of the sermon a great many persons went to the prayer room, where they pledged their lives to Christ.

Freshman Class Shows Business Conditions Are Now Gradually Improving

(Special To The News)

NEW WILMINGTON, Pa., Oct. 7.—That business conditions are improving and that there is an optimistic outlook among bankers, business men, and the general public is evinced by the record freshman class at Westminster College this year.

Not only is the class, numbering 256 students, the largest first-year class in the history of the college, but only 15 freshman applied for student loans. Small loans were given these 15 only.

More than this, the parents of 36 students are engaged in businesses owned by themselves; seven parents are bankers; six are salesmen; five are accountants; two are in advertising; seven are life insurance salesmen; four are realtors; two are sales managers; two are business executives; two are store managers; and one is a business manager.

Other parents of the first-year students are: ministers, 11; farmers, 14; lawyers, 4; doctors, 9; plant foremen, 13; dentists, 3; civil engineers, four; professors, 6; undertakers, 3; contractors, 7; clerks 7.

Other occupations of parents of freshmen are: Government work, tax collector, highway inspector, treasurer, traffic manager, newspaper publisher, linotype operator, interior decorator, chemist, editor, druggist, railroad superintendent, construction engineer and justice of the peace.

Not only is the freshman class one of high quality with regard to background and finance, but this year's group rates higher mentally than last year's entering class.

Tabulations from the Thurstone psychological examination, published by the American Council on Education for official use in accredited colleges only, show that the median of this year's freshman class is 169 plus as compared with 143 for last year's freshmen.

Of the 256 frosh, 95 are working toward the bachelor of arts degree; 42 for the bachelor of science degree; 12 for degrees in music; 54 for bachelor of business administration degrees; and 12 for secretarial certificates. Forty-one are undecided about degrees.

The parents of 25 freshmen attended Westminster. Thirteen parents attended Grove City College. Other institutions attended by parents are: Slippery Rock, eight; Universiay of Pittsburgh, seven; business college, six; Carnegie Tech, four; Ohio State, four; University of Michigan, three; Muskingum, three; Waynesburg, three; Ohio Wesleyan, three; Geneva, two; Penn State two; Clarion, two; Denison University, two; Princeton, two; Oberlin, two.

Other schools attended by parents are: Harvard, Notre Dame, Ripon, Glasgow Tech (Scotland), Cliff College, (England), Syracuse, Allegheny, Beloit, University of Illinois, University of Pennsylvania, Ohio Northern, Bucknell, Purdue, University of Cincinnati, Beaver, and Indiana State Teachers College.

Thus 112 parents attended colleges and universities.

Day Of Atonement At Temple Israel

Holiest Holiday Of Jewish People Will Be Fittingly Observed With Ceremonials

Temple Israel, Highland and Moody avenues, will observe Yom Kippur, the Day of Atonement (known also as the "Day of the Great White Fast"), with special services on Sunday evening, October 9th, at 7:30 p. m., and on Monday, October 10th. Monday's services will begin at 9:30 a. m., and will continue throughout the entire day, without intermission, until about 5:30 p. m., Rabbi Avery Jonah Grossfield officating. The topic of the sermon for Sunday evening will be: "X-ray-ing the Soul," and the one for Monday morning will be: "Missing the Mark—or, Judaism's Conception of Sin," and will be based on the text taken from the Midrash Koheleth Rabbah VII, 4. The Memorial Service will take place Monday afternoon, about 3 o'clock, and the topic of the Memorial Sermon will be: "'Footprints in the Sands of Time'", utilizing the line from Longfellow's poem, "The Psalm of Life."

Yom Kippur—The Day Of Atonement

October 10th is observed as Yom Kippur, the Day of Atonement, by the Jews throughout the world. This is the greatest fast of the Jewish year. From sunset of the 9th till sunset of the 10th the observant Jew neither eats nor drinks, but devotes the day to fervent worship. Yom Kippur is distinctive among Jewish holidays, for it is not associated with nature or with history. It is a day for the searching of the heart to find peace with God.

The fast originated in biblical times, and is described in the sixteenth chapter of the Book of Leviticus. In those days the people fasted and afflicted themselves while the high priest made atonement for the entire house of Israel. This atonement was made in ancient fashion by sacrifices, and especially by the symbolic rite of driving the scapegoat into the wilderness to bear away the sins of the people.

Now prayer takes the place of sacrifice. In modern Judaism prayer is the right form of approaching God. Jews devote the Day of Atonement to prayers for the forgiveness of their sins. They avoid all ordinary and sordid interests on this Sabbath of Sabbaths. The fasting is abrogated, however, for children, old people and the sick, or in times of famine and pestilence, or such contingencies as incident to the deprivations of war.

The Day of Atonement brings home with great emphasis and force the doctrine of sin and repentance, which is the basic principle of all religions. Just as the birth of the altruistic spirit marked the point of departure between man and animal, so the development of the doctrine of repentance marked a turning point in the history of the human race. Judaism has canonized this moment of history which saw the birth of new hope for human progress.

Judaism holds that man has the God-given power of repentance. Fate plays no part in man's life. The Day of Atonement gives eloquent testimony to this fundamental doctrine of Judaism, since it visualizes the fact that the doors of repentance are ever open.

The aim of Yom Kippur is atonement through prayer and repentance. These contain no element of mediation through either a redeemer or a sacrifice. The only true repentance comes through change of heart and an effort to do better. Each human being stands before his Maker seeking in honesty to make his record clean.

A feature of Yom Kippur is the Memorial service. Men and women think of their dear departed and of the great and good who served mankind. Fervor animates these prayers by which the memory of those who have gone is honroed and their ideals are preserved.

Persons who wish to have the names of their dear departed ones read out during the Memorial Service are urged to see that their Memorial slips, properly filled out, are in the hands of the Rabbi not later than Saturday morning.

The flowers that will adorn the pulpit on Yom Kippur have been offered by Mr. and Mrs. Marcus Feuchtwanger, in loving memory of all their dear ones who have passed to the Great Beyond.

Mr. and Mrs. Moe Rizika, 508 Leasure avenue, have contributed to the Memorial fund in celebration of the birth of their son, who has been named Edward Lee Rizika.

Executives Plan Program For Winter

Lawrence County Sabbath School Association Plans Much For Schools During Winter

The regular monthly meeting of the Executive committee of the Lawrence County Sabbath School Association met at the Y. W. C. A. Thursday evening with the President, Robert M. Strickler, Jr., presiding and the following present:

Mrs. M. E. Vaughn, acting secretary, J. C. Miner, treasurer, Alice Grimes, Young People's superintendent, Miss Anna Perry, administrative superintendent and D. S. Williams, Mrs. F. R. Weisz and H. L. Marvin, additional members of the Executive Committee present.

It was reported that the Young People's Council is attending the State Convention in Lancaster next week in a body, and with the other delegates that have signified their intentions of going, Lawrence County will make a good showing.

Harry W. Brown, former president of Ellwood district, and W. M. Armstrong, former president of Wilmington District were appointed vice presidents of the County Association in recognition of their faithfulness and service in the past.

A committee composed of Anna Perry, Margaret Walker and H. L. Marvin, were appointed a committee to plan some means of having Temperance taught in the schools of Lawrence County.

A plan is being worked out for having a district program of activities presented to the various District Presidents so that the work throughout the county will be uniform. So far, this fiscal year, activities have been put on by the Young People, Parent Training, Home Department and Temperance Division and plans are made for every division to have at least one activity during the year.

It was unanimously moved that a letter of appreciation be sent to W. H. Butler for his activity in starting and organizing the movement which lead to the Revival Services in the Tabernacle now in progress.

The President reported that the Wampum District was holding its annual District Convention Thursday and that the afternoon session had been inspirational as well as instructive to Sabbath School workers.

WALKER STEPS OUT OF NEW YORK CONTEST

O'Brien Is Chosen Mayor Candidate By Tammany Ring

Former Mayor Walker Withdraws From Fight And Tammany Selects Surrogate O'Brien

WALKER IS OUT OF LIMELIGHT

(International News Service)

NEW YORK, Oct. 7.—Tammany Hall today put forward a new personality for mayor of New York City—Surrogate John P. O'Brien—and in so doing cast the picturesque James J. ("Jimmy") Walker into the role of their "forgotten man."

O'Brien, 59 years old, firm-jawed, baldish, with gray mustache and a fringe of gray hair—the antithesis of the nonchalant and debonair Walker—was nominated by acclamation for mayor at the Democratic City convention at Madison Square Garden last night.

Walker Withdraws.

Former Mayor Walker's name was not presented to the convention. Neither was that of the present mayor, Joseph V. McKee, who has succeeded Walker and whose budget-slashing program and salary cutting has grated on the Tammany sensibilities.

O'Brien is a veteran Tammany man and he will have the full support of the organization at the mayoralty election which, the court of appeals ruled late yesterday, must be held on Nov. 8 to fill the vacancy caused by Walker's resignation on September 2 last.

Walker stepped aside at the last minute. In a radiogram from the Liner Europa addressed to John F. Curry, leader of Tammany Hall, Walker formally renounced his campaign for "vindication," withdrawing himself from consideration on the ground of poor health and a desire not to jeopardize Democratic success in the nation.

Arranging To Repair Street

Defective Portions In Jefferson Street To Be Repaired

Harry Hoskins, assistant to City Engineer Frank Miller today was instructed by city council, which convened in city hall to compile an estimate of cost for the repairing of Jefferson street which was resurfaced by Woods & Golder.

The city contends that some of the resurfacing has proved defective and as the project was protected by a bond, good for five years, repairs were ordered made.

J. C. Minor told council a week or more ago the city engineer should make an estimate of cost and the repairs would be made by men in charge of Dave McMillen.

Mr. McMillen attended councilmanic meeting today and members of the city body instructed Mr. Hoskins to prepare the estimate of cost.

Arrangements for the repairs will then be made, it is said.

Democrats Will Stage Rally Here

State And Local Candidates Will Speak At Meeting Here Tonight

State and local candidates of the Democratic party will speak this evening at the court house, when the Lawrence County Democratic committee will hold a mass meeting, starting at 8 o'clock.

Assurances were received today by County Chairman, H. Phillips Stone from Lawrence H. Rupp, of Allentown, candidate for United States senate; George H. McWherter of Greenburg, candidate for Superior court; and Edward C. Higbee of Uniontown, candidate for the Supreme court, that they would be present.

Mr. Rupp was Grand Exalted Ruler of the Elks last year and is well known to a number of local residents.

In addition to the state candidates, Sam B. Wilson of Beaver county, Democratic candidate for congress; Dr. John A Meehan, candidate for state senator, W. J. Eroe, candidate for assembly from the New Castle district, and James Kelso of North Beaver township, candidate for assembly from the second district will be present and speak.

Delegations of Democrats from Butler and Beaver county will be present at the meeting, no meetings of this character having been planned for these districts by the state party.

Boy Scout Leaders Go To Washington

New Castle Delegates Meet Hoover At Noon; Attend Region Confab

Louis B. Round, utility executive here and president of the Lawrence county council of the Boy Scouts, and Commissioner R. F. Davis, official delegates to the 12th annual Scouting assembly of region three at Washington, D. C., were to have met President Hoover together with other prominent laymen Scout leaders at the White House at noon.

The two left for the capital yesterday. Davis went with L. F. Hemenway, Greenville leader, and Mr. and Mrs. Round drove alone.

Prominent business men from Pennsylvania, Delaware, Maryland, Virginia and the District of Columbia, among them Francis V. DuPont, Wilmington, Del., and J. Edgar Hires, Ardmore, Pa., will attend the two-day conference. It opened today, closes tomorrow.

Scout Executive Herbert Horton will leave Saturday for the Capital, where the sixth annual executives' conference for the region convenes on Sunday and lasts until Wednesday.

Tearing Down Two Buildings

City Employes Tearing Down Buildings In Seventh Ward

Louis Genkinger, director of city lands and buildings, today stated municipal employes were tearing down two properties in Plum Alley, Seventh ward. The city is to retain the lumber in the properties which formerly belonged to the Gaspare family. The P. & L. E. railroad purchased the properties and plan to widen the alley 20 feet which will make it a 40 foot alley which will lead to the subway to the proposed P. & L. E. station.

Make Glasses and china

Sparkle brilliantly

LIKE DISPLAYS IN FINE SHOPS

REALLY there is no secret how fine shops make glasses and china sparkle brilliantly . . . like costly jewels.

Just add a teaspoon of *Climalene* to your dishwater. Then use only ¼ *the amount of soap* or soap flakes you now use. Wash your dishes in the soft, lasting suds. Rinse with hot water. And you will find that they "gleam" and "sparkle" the same identical way. Climalene softens the water and so takes away that greasy feeling that is so annoying in dishwater. It's the *grease* that makes your glasses "streaked" and dishes "dingy." Use it wherever you use water for cleaning, in the *kitchen, laundry* and *bathroom.*

Your grocer has Climalene. Ask him for it today. It's in a bright, shiny, blue box in two sizes, 12 ounces for 10c, and 2 lbs. for 25c. The Climalene Company, Canton, Ohio.

H. B. Richards Writes Article In Magazine

In a rather unusual manner Howard B. Richards, manager of the New Castle Water Company and a member of the New Castle Rotary Club gets into the October issue of "The Rotarian' with an article titled "Let's Talk About Our Jobs."

In the article Mr. Richard's takes the most menial tasks and by using imagination and history paints the interesting side of the job. It has to do with the average Rotarian making a classification talk about his own business and shows what might be done if a speaker will just take the facts about his own work and present them properly. The article follows:

By H. B. RICHARDS

An association of some 13 years in Rotary, which has involved listening to some hundreds of after dinner speeches of various kinds, has emphasized one particular fact. It is that we like to listen to an oratorical effort, where well-rounded sentences fall from the tongue of a finished speaker, but the speech which gets nearest home, and which stays with one longest is the home talk on some homely subject made by a man whom we meet every day, and whose sincerity of purpose needs no sponsor.

The average Rotarian has an interesting and intelligent understanding of his own business, and he has no difficulty in expressing it informally in a group of men. It is an entirely different matter to him, however, when he has to get to his feet and make what he considers a public oration on the same subject.

He is uncertain where to start or how to assemble the necessary information. And so, when the chairman of the program committee asks the retail shoe man, for instance, to make a Rotary classification talk, he is apt to feel that he has accepted an extremely difficult task.

He sits down at his desk with a pencil and paper, but the thoughts refuse to flow. He is apt to "cuss" the chairman for asking him, and himself for agreeing to make the talk. Perhaps he picks up a stock shoe, and asks himself: What interesting thing can possibly be said about a shoe? Shoes are sold. People wear them, and wear them out, and come back and buy some more. Nothing very interesting about that, surely.

But as he turns the shoe over in his mind, perhaps there comes to him an almost forgotten passage from some old book: "Take the shoes from off thy feet, for the ground whereon thou standest is holy ground." He recalls that back in the time of Abraham, when a transaction had been completed, a shoe changed hands as an earnest of the bond.

Having gotten hold of the thread of romance, which is woven into the story of a shoe, his mind goes back still further into antiquity, to the mythical time when his forefathers left the trees. Maybe some lovelorn swain fashioned sandals from bark to protect the feet of his lady love from the sharp stones. And so his imagination runs on. . . .

He sees in his mind's eye a picture of how skins were used, and then the development of primitive tanning. He remembers the wooden shoes of Holland, and digs into the history and romance of the shoes which have been worn by the Chinese, unchanged for ages.

He thinks of the herds of cattle on the plains, and follows the hides through the tanneries and shoe factories. His mind dwells on the countless thousands who live and have their being because men and women and children must buy shoes. And before he realizes it, our shoe dealer has a splendid classification talk.

The brick business is perhaps a commonplace thing. How would one start a story about bricks? Well, the brick man might begin by allowing his fancy to play on the ancient captives who were put to work making bricks out of mud. But they fell to pieces while being sun-dried. Then came some genius who mixed straw with the clay, and lo! the brick industry was born....With such a start, a few facts from trade association literature, and the brick man's talk is ready.

A man is in the bakery business. What is there interesting about a loaf of bread? Well, the romance of a loaf of bread goes far beyond the time when Joseph cornered Egypt's available wheat supply against the coming seven years of famine and depression. Its story loses nothing of interest from the fact that kernels buried with the Ptolemies, then forgotten for 3,000 years, when again brought to the light of day and planted, sprouted and grew.

Are you a newspaperman? Some men may think that the news business is merely reaching into the air, grasping the items from the radio waves, shoving them into a hopper, pulling a switch to start the presses, and the thing is done. But such a notion is all wrong.

When the newspaperman starts the story of his business, he is reminded that not so long ago news of what happened in New York at noon was not thrown on the front porch at 2 p. m. in the form of a printed page. He remembers that the early printers scratched the news on clay tablets which had to be baked before distribution. Perhaps he facetiously alludes to the time when a truck was needed to deliver just one copy of the daily publication, because the news of that day was carved on the face of solid rock.

As the talk takes form, our journalist-orator may recall the papyrus of the Egyptians, and the sheepskin scrolls of the ancient Jews. He visualizes the forests which in our time are being cut to make wood pulp, that you and I might have the day's news while it is "hot".

And thus we might take up every business and profession represented in Rotary and find that each has a historical background and an element of romance as old as the human race. There is inspiration in the fact that the blade of a pocket knife was not made yesterday, when some smith hammered it out of a piece of steel. It started when the earth began to cool. Every phase of social, industrial and commercial activity with which we moderns are concerned fairly exudes human interest—if we but search for it.

Having spun the thread of romance which runs through one's business, the rest of the speech comes easily. The trouble will not be to find enough to talk about, but rather to determine what to leave out.

Often it is a good plan to swing into a discussion of the technical end, especially if one is a manufacturer. People like to know how things are made. Take for example, the shoe business, again. Some shoes are wooden pegged, some are nailed, some are sewed. Different types of linings are used. Eyelet holes are put in some shoes; others have buttons. Many different lasts are used. Why do shoe styles change? Why does one type of shoe suit one person, but not another? What does a shoe man know about weak and falling arches? Any audience would be interested in such subjects.

A department store man has the problems of returned goods, credit selling, and uncollectable accounts. These directly concern the public, and all when worked up into a talk, make interesting listening for his hearers. So also are the trends of a business, as influenced by scientific discoveries or the change in living standards.

Other topics suggest themselves for discussion, enriched by the speaker's own personal experiences—pension schemes, group insurance, bonuses. Are corrupt practices such as commercial bribery and secret commissions increasing? What are the trade associations doing to stop them?

And so with every line of business.

Those making a classification talk—or any form of speech—should remember that it will be much more effective if delivered from notes instead of being read. This is not such a difficult matter to manage, even for the unpracticed speaker, if he knows his subject matter. Usually, all he really needs is a set of notes to keep his talk in orderly sepuence—and he is off!

The Rotarian giving a classification talk has two distinct advantages over the hack-orator. In the first place, his subject is one on which he is informed; and, secondly, one in which he is deeply interested. Thus, the classification talker, if he but knew it, starts with those two requisites for attention getting and holding—knowledge and sincerity. There is no real substitute for them.

'City Trail' Is Planned For Camp Reunion Of Scouts

Word of the camp reunion has been sent to each of the counsellors who served at the New Castle Girl Scout camp this summer. It is believed that most of the counsellors will be present for at least a part of the reunion. The event is scheduled for October 15.

Invitations have also been sent to the out-of-town troops, Ellwood City and Beaver, who had several Scouts at the New Castle camp this season.

There were fifty or more girls who spent a week or two weeks at Kennedy's Mills, and it is believed that practically all will take part in the get-together. A "city trail" is being mapped out at Scout headquarters. The girls will be given clues and will themselves find the reunion site. The trail will probably start in the heart of the city, ending in a woodsy picnic ground or park. Members of the pioneer unit, a group of older Scouts, will prepare the picnic dinner over camp fires.

Valuable Jewels Of Romanoffs Shown In Denver

Works Of Art And Rare Jewels Make Up The Collection

(International News Service)

DENVER, Oct. 7.—The extravagant luxuries of the Romanoffs, including priceless works of art and rare jewelry, were recently exhibited in Denver for the first time.

The collection, owned by Dr. Armand Hammer, New York physician, contained antique fabrics, imperial silver, porcelain glassware, icons and jeweled baubles of the late Czar Nicholas II and his family.

In the collection were three of the crown jewels, lapis lazule Easter egg, containing a diamond-framed miniature of the Czarevitch Alexis, valued at $50,000; and a snuff box of jade, mounted in gold and ornamented with miniatures of Czar Nicholas and Alexandra, encrusted with diamonds and rubies, which was an anniversary present to the rulers from the mother of the czar.

A snuff box of blue enamel set with diamonds and aquamarines, which belonged to Alexander II, father of the late czar, also attracted much attention during the exhibit.

Dr. Hammer told how the priceless collection was gathered from the huts and hovels of soviet Russia. He first went to Russia with a group of New York men to investigate social and economic conditions. Seeing the valuable objects scattered through the land, he immediately lost interest in his original plans and devoted ten years to assembling the collection.

Hurley Speaks At Davenport, Iowa

(International News Service)

DAVENPORT, Ia., Oct. 7.—Charging that no one knows exactly how Gov. Franklin Roosevelt stands on most issues because of the candidate's evasive manner of discussing them, Secretary of War Patrick J. Hurley followed President Hoover's Des Moines speech with another message to Iowans today.

Speaking in this river port city, Hurley dwelt extensively on the Republican accomplishments for inland waterways. Recalling that this is an important outlet for the state's agricultural products he spoke on farm mortgages, credit and the tariff.

PINE BLUFF, Ark., Oct. 7. — "Where there's a will there's a way."

To this age old saying J. C. Allen, Jr., attributes his success in fishing at Atkins lake near here.

When Allen arrived at the lake he found he had no bait. So he pulled a wad of gum from his mouth, placed it on his hook and threw the line in the water.

"Well, sir," he said, "it just wasn't any time until that cork went under and I pulled a large white perch from the water."

WHAT $50 WISELY EXPENDED CAN DO TO TRANSFORM A STODGY, DULL LIVING ROOM INTO ONE OF CHARM.

A new solution differing from Mr. Crane's last year clinic on the same theme, and showing the wealth of objects and resources now available to make home interiors more lovely at small expense.

Concerning Your Own Problems

Would you like to know the four steps to use in planning a color scheme? What color to use with green—rust—mulberry—orchid? What colors go best with the reds and blues in an Oriental Rug? How to arrange furniture to enhance the feeling of hominess in a room? Six ways to make a room look larger? Then plan to attend these clinics where you have the opportunity to consult America's most famous authority on those very problems.

SEVENTH WARD NEWS

Billy Goat Is Arrested Here

Tremont Avenue Goat Causes Commotion Downtown; Put In "Old Town Jail"

Officer James Hagan made what was probably the most unique arrest in his career Thursday and the cellar of the seventh ward fire department housed its first prisoner in many, many years.

A billy goat, the property of John Frank of 108 Tremont avenue, broke loose at 8 o'clock yesterday morning, deciding to see a little of the world—or go to school. He burned his candle at both ends and although it didn't last very long, it made a lovely light. Or maybe it didn't. It's how Billy looks at it today.

His travels came to a close when he was arrested in the business section and confined in the "old town jail" where nary a prisoner has been since "Mahoningtown" became "seventh ward".

O. R. C. MEETS

Thursday afternoon's meeting of the O. R. C. was very well attended. it took place in the lodge headquarters in the city building.

Members will meet again October 20.

LIBERTY TEAM WINS

Liberty bowlers topped the Shelby team at Ellwood City Wednesday night by a score of 2594 to 2470 in a tenpin league game.

Liberty's team will play the Hollenders of Beaver Falls next Wednesday, October 12 at 8:00 p. m. at the local alleys. The Hollender team is described as a "fast one" and the game promises to be a lively tussle.

Observations In 7th Ward

Activity toward construction of a new P. and L. E. depot and improvement of the B. and O. railroad grounds is definitely underway. A two story frame house located at the corner of North Ashland and Darlington avenues is being dismantled and trucked away. This is a part of the property purchased by the P. and L. E. railroad to be used in the improvement plans.

The Ashland avenue district was well aware of the tearing down of the building. Hammers and crowbars used by the workmen made short work of the interior yesterday. Crash of falling timber and wall laths could be heard throughout the block.

A cow was seen walking over the sidewalk on North Liberty street Thursday afternoon at the vicinity of the Simpson M. E. church nibbling at choice blades of grass. Better not get too far toward the business section, Mr. Cow, or you will be locked up in the fire department cellar, as did a goat yesterday morning!

Mexican firebush adorning the front lawns of many a local home, is feeling the presence of Jack Frost and is turning to that brilliant red shade wherein it gained its name. An Atlantic avenue resident did a clever stunt with this atractive bush this summer. He planted it in a large cement urn, located in front of his home. Looks real nice.

There will be no window breaking contests at Lawrence school this year. The windows of the abandoned building are being protected for the year. Attractive cream-colored boards, cut to fit the windows, are being used in the work. All but ten or twelve windows had been covered mid-afternoon Thursday.

A deer is making its home near here, along the Hickory Creek and a handsome fellow he is according to one of the residents of the district. He has been seen by several local folks—Geo. Scruggs saw him some time ago.

St. Lucy's church was the scene of a double wedding Thursday—and a big and very pretty one it was. Reception and dinner took place at Columbus Hall.

Glances along the main street: Little Dutch McNutt Jr., carrying a scrub-brush and a magazine.....He explained carefully that the magazine was a "telephone book."...Rev. D. C. Schnebly guessing how much a certain piece of ham should weigh ....He guessed ten pounds....It weighed twelve....And that's pretty near....Bill McCombs with an almost new mustache....Joe Wylie and Howard Purdy carrying two live chickens wrapped in newspapers....

And Saturday is the last registration day. Every seventh ward voter to the polls!

SEVENTH WARD PERSONALS

Albert Fulton, of Huntingdon, Indiana, has been spending several days with his sister, Mrs. H. F. Snyder, North Cedar street.

Mrs. Cora Purdy, and Mrs. Lettie McConnell of Coraopolis, are among the houseguests today at the home of Mrs. Belle Purdy, West Cherry St.

William Osburn, of West Madison avenue, has returned home after a visit at the home of his son at MacDonald.

Mr. and Mrs. Addison Derr and son Junior of Akron, O., will be the week-end guests of Mr. and Mrs. M. R. Olmstead, Fifth street.

New Store Will Open Saturday

"Jean Frocks" Store Is Ready For Opening At 112 East Washington St.

Elsewhere in today's News will be found the announcement of the opening event of Jean Frocks, 112 E. Washington street. This new store will open its doors to the public promply at 8:30 tomorrow morning.

A complete stock of new fall dresses will be featured, all at one price, $2.88, none higher and none lower. Sizes range from 14 to 20 and 38 to 54. In addition, a big selection of new fall hats will be shown, all at one price, $1.

Jean Frock, Inc., operate various stores throughout Pennsylvania and New Jersey. The local store will be under the management of Mrs. Hazel Bruno, who will be assisted by Mr. and Mrs. L. H. Gluck of the executive offices at New Brunswick, N. J., during the opening days.

Troop To Drill Sunday Afternoon

Fine To Be Imposed On Troop Members Absent Without Permission

Drill will be held Sunday afternoon by all members of Troop F., 103rd Cavalry, the split drill sessions having ended last week. There will be no Monday evening drill next week because of the early approach of darkness.

Orders have been issued, effective at once, by Capt. Harvey G. Bintrim, that for every drill missed in the future without permission from the Troop officers, a fine of $2 will be assessed in addition to the regular drill pay.

These orders have been made necessary by the lax attendance at drill during the past month.

Greenville's P. O. Contract Hurried

Announcement from Washington that all bids submitted on the new Greenville post office were "too high," left the project in a peculiar position today. Proposals are under consideration at the capital now.

Washington's supervising architect's office said unless special authorization is granted to increase the limit of the cost of the structure, it will be impossible to award a contract without summoning new bids.

LET SUB-CONTRACT ON GROVE CITY JOB

GROVE CITY, Oct. 7.—H. S. Braine, Grove City contractor, has received word from Carl Westberg of Chicago, general contractor for the new Grove City post office building, that he has been awarded the sub-contract for construction. Mr. Braine and his men will commence at once on the excavation.

Police Make 175 Arrests In Month

Fines And Forfeits Of 62 Bring $204.00 To City Coffers

One hundred and seventy five arrests were made by city police during September according to the report of Mayor Mayne, head of the department. Fines and forfeits totalled $204.00.

Fifty nine of the 175 defendants paid fines and costs. Three forfeited their cash bond. Seven others were sent to jail. Eighty five prisoners were discharged and two received a suspension of sentence.

Fourteen were given into custody of aldermen and one was given a term in the Allegheny workhouse.

Forty eight were arrested on charges of breaking automobile ordinances. One arrest of the 48 was for speeding.

Fifty nine were taken into custody on a charge of intoxication, six for being drunk and disorderly and four on a charge of disorderly conduct.

Police were quite busy in taking into custody persons whom they considered suspicious characters. Thirty eight arrests were made on this charge.

Only one was arrested for begging on the public streets. One was taken into custody on a charge of being "drunk and a vagrant," and two were arrested for violating the Synder act.

TAXATION PROBLEMS
New Castle, Pa.,
October 6, 1932.

Editor News:

Those who have engaged in the local discussion of the taxation question seem to have overlooked the recent studies made of that problem, notably that of the committee on taxation of the president's conference on home building and home owners. I do not want to join the over-simplified and bring a false clarity to a situation that is admittedly complex. The cure for the tax question cannot be distilled in an epigram. But the following general conclusions of the conference are almost sun-clear. May I summarize them?

(1) The owners of real property (for the most part home owners and farmers) pay at least 25 per cent of their gross, and approximately 50 per cent of their net, real estate income in taxes. Stated in another way, home owners and farmers now pay an annual tax charge in excess of 3 per cent upon the full capital value of their homes and farms. If you were to call at your bank to draw your annual interest upon your savings account and were told that the tax collector had taken all the accumulated interest and some of the principal for taxes you should be no more than human if you used some reckless language about confiscation and expropriation. Yet the tax collector is doing that very thing when he calls at your door.

(2) The income received from real estate amounts at most to 25 per cent of the national income whereas real estate provides from 80 to 85 per cent of state and local taxes and from 55 to 60 per cent of all taxes. To date the home owner and the farmer, to the delight of the shareholders and the possessors of money contracts, have carried a major portion of the tax burden.

(3) There is a difference of 10 to 20 per cent between the costs of owning on the one hand, and renting on the other. Taxes make up a substantial part of this differential. An investment in one's home is penalized by unrelenting taxes. If one rents a house the chances are that the taxes will be paid by the owner because of factors which make it impossible for his landlord to charge rentals that will shift the taxes in any substantial degree. Taxes cannot be shifted today because of a surplus of houses. But the same situation will prevail when business recovers; for any substantial improvement will witness a vigorous building movement. The building industry follows a highly speculative curve of alternating inflation and deflation. It is not likely that investments in real property will prove attractive for at least a generation unless the taxation question be met soon in a statesman-like manner.

(4) Allowing for all possible economy and reorganization to eliminate duplication, the cost of government will continue to move higher with each succeeding year. Montesquieu, one of the men who influenced the foundation of this republic, said some 200 years ago: "Liberty increases taxation; this is a universal rule, and to it there is no exception." Recently, the executive secretary of the president's conference said: "Good, honest and efficient administration increases taxation. This is a universal rule and there is no exception to it." All of which means that as man moves forward he permits government to do many things for him which he used to do himself. Government in the near future will be doing things in its collectivist capacity of which we hardly dream today, and it will cost more and more money.

(5) What is the farmer and the home owner going to do? The direct, common-sense thing to do is to replace the real property taxes, in larger or smaller part, with other types of taxes. These alternative forms of revenue may include an income tax, with exemptions at the lower levels of income, and progressively higher rates in the upper brackets; a steeply graduated inheritance or estate tax; a selective sales tax; an occupational tax, and others. In addition, the property tax needs to be better administered, looking particularly to the removal in assessments of the general bias against small homes. Dr. John M. Gries, a well-known real estate authority, says: "A drastic cut in the taxes on real estate should be made. I think we would say that the taxes on real estate should be reduced by one-half at any rate." The farmers and home owners would be very close to the solution if they should adopt as their slogan: "A school system run by Harrisburg and paid for by Harrisburg out of income and inheritance taxes."

Respectfully,
LEROY K. DONALDSON.

Home Coming Day At Pulaski Church

Program To Be Observed Sunday By Pulaski Presbyterians

The following is the program for the Home Coming day, October 9, at the Pulaski Presbyterian church.

The Sabbath school and the morning worship will be held as usual at 10 and 11 a. m. Dr. Parsons will preach on the subject, "The Earthly Home of the Soul."

At 12:30 a picnic dinner will be served by the ladies of the church in the dining room, to all of the congregation and former members and visiting friends.

At 2:30 a reminicent service will be held at which greetings from former members will be heard. Dr. T. B. Anderson of Beaver Falls, Pa., the oldest living pastor of the church will be present and speak on the subject, "The value of the church." The Rev. C. G. Jordan, D. D., of Volant, Pa., another former pastor has been invited to be present and speak. This service will be closed with the Communion administered by Dr. Anderson and assisted by visiting ministers and elders.

Fears Special Act May Interfere With County Tax Action

Attorney C. H. Akens today attended council session at city hall believing that the tax penalty abatement proposed ordinance would be submitted. However, it was not ready for presentation but Akens recited some of the legal phases of the act of legislature pertaining to the problems.

His talk referred more to the county tax penalty abatement problem than to the city tax penalty abatement. Council has stated that the city treasurer will act in accordance with the des'res of city council.

Akens told council he understood the county commissioners may decide against abating tax penalties owing to an interpretation given them concerning a special act adopted in 1854, and the act of 1931.

He told council the legislature passed an act in 1931 which conferred authority upon tax levying bodies to abate the five percent penalty if taxes were paid by December 1.

Akens contended that the 1931 act repealed a special law of 1854 which applied to Lawrence, Venango and several other counties. He said that some legal minds contend that the 1931 act being general would not repeal the 1854 act.

He contended that the effort of the legislature in adopting the law in question (1931) was evidently to make a general rule for the whole state and stated that all the acts inconsistent were repealed.

With the depression statewide the legislature undertook to make a general law conferring power on authorities to abate the tax penalty to December 1 Akens stated and said that this expressed the intention of the legislature.

He said that, in his opinion, the 'intent of the legislature' would be the deciding point and that the 1931 act repealed the special law of 1854.

Akens said County Attorney Lockhart had found in the special law a provision to the effect that, when the penalty goes on, the collectors in townships should make it their duty to make the taxpayer pay it.

Mr. Lockhart, according to Akens believes this interferes with the1931 law. Attorney Akens however, believes otherwise, he told members of council. "If the penalty is abated by commissioners, the collector don't have anything to do with it" he asserted.

Councilman Louis Genkinger said to Att'y. Akens 'City council has been very sympathetic to the taxpayers. We have the tax penalty abatement question before us for consideration. Council is fully acquainted with the situation,' he said after which he thanked Attorney Akens for his information.

Capital Scientist Ill With Typhus Fever, Is Report

Officials Of U. S. Health Service Will Experiment With Deadly Typhus Germ

(International News Service)

WASHINGTON, Oct. 7—Dr. R. E. Dyer, scientist of the national institute of health, remained seriously ill of endemic typhus fever today while fleas fed on the blood of the stricken research worker.

Dr. Dyer, it is believed by officials of the United States Health Service, became infected from a flea bite while conducting experiments with forms of European typhus or "jail fever." Although his illness is serious, the scientist's recovery is confidently predicted.

The fleas that now feed on Dr. Dyer will next be allowed to bite guinea pigs. If the animals develop typhus, the experiment will prove that fleas can transmit the disease to humans.

Previously this experiment could not be made without subjecting a person to the dreaded typhus germ, which is usually disabling and often fatal.

Bandits Stage Daring Holdup Of Card Game

(International News Service)

PITTSBURGH, Oct. 7.—A friendly game of cards in the home of Mrs. Marie Loney in the Oakland district was interrupted early today by two gunmen, who escaped in a waiting automobile after relieving eight women and two men of $200 in cash and a ring.

The card game was a weekly affair, police said, and as the final hand was dealt, the two bandits calmly ordered the guests to "stick 'em up" and lined them up against the wall. One woman fainted, but the bandits disregarded her as they dashed to freedom in a car driven by a third man.

Police worked on the theory that it was the same gang that escaped with $400 after raiding a card game at the home of Walter F. Groves Wednesday night.

Fall Novena To Start Tuesday At St. Vitus

Will Continue Nine Consecutive Weeks Until Feast Immaculate Conception

Annual fall novena to St. Anthony and the Immaculate Conception will start at St. Vitus church, South Jefferson and Maitland streets, on next Tuesday and continue for nine consecutive Tuesdays, coming to a close on December 8, the Feast of the Immaculate Conception.

Hundreds will make the novena and those making it will attend mass next Tuesday morning either at 7:30 or 8:30. The opportunity will be given to go to confession before both masses.

Special devotions will be held each Tuesday evening at 7:45 o'clock with special sermons in keeping with the novena by the pastor, Rev. Fr. N. De Mita and his assistant, Rev. Fr. Anthony Donatelli.

The opportunity of kissing and receiving the blessing of the relic of St. Anthony will be afforded all those making the novena at the various services to be held.

State Health Day Will Be Observed

Medical Society Plans For Big Public Meeting Here, October 26

'State Health Day," October 26, will be observed in New Castle through the co-operation of the Lawrence County Medical Society, the Senior high school and other agencies, it was announced today. J. C. Funk, director of the bureau of public health instruction will be the speaker, and a film entitled "Working For Dear Life" will be shown. The meeting will be held in the Senior high school auditorium.

In the past few years the Commonwealth of Pennsylvania has recognized its responsibility in aiding its citizens to guard against disease and lengthen the span of life. The secretary of health, Dr. Theodore B. Appel, has brought his department to a high state of efficiency, and this has been aided in no small measure by the hearty co-operation of the various medical societies of the 67 counties.

State Wide Observance.

October 26 will be observed over the entire state as "State Health Day" and the prompt work of the Lawrence County Medical Society has resulted in the securing of Mr. Funk. He is not a physician but a layman who has devoted many years to the spreading of health doctrine. He is a writer of ability upon health subjects and is the editor of "Pennsylvania's Health." His address is non-technical, but is designed to present health problems in the language of the layman. There will likely be other speakers upon the program in the Senior high school auditorium and the meeting will be open.

Other announcements upon "State Health Day" will be made from time to time.

Proposed London Arms Session Has Been Postponed

(International News Service)

LONDON, Oct. 7.—The five-power conference proposed by Prime Minister J. Ramsay MacDonald to solve the Franco-German arms dispute and draw the Reich back into the Geneva disarmament conference has been "postponed", foreign office officials said today.

It was believed here this admission was preliminary to acknowledgment the idea has been dropped altogether, since both France and Germany have plainly indicated they are opposed to a conference of the type suggested.

Friendly Spirit.

PARIS, Oct. 7.—Although the proposed five-power London "miniature arms conference" has been temporarily and perhaps permanently shelved, "conversations on this subject continue between Paris and London in a most friendly spirit," a foreign office statement said today.

Suggest Baker As Secretary

(International News Service)

GENEVA, Oct. 7.—Appointment of an American statesman, possibly Newton D. Baker, to succeed Sir Eric Drummond as secretary general of the League of Nations was urged by small power diplomats here today.

They declared such an appointment would serve to break the present deadlock over the organization of the League secretariat, in which the five greatest powers hold the foremost positions.

Three Autos Are Stolen Thursday

Two Of The Missing Machines Are Reported As Having Been Recovered

Lewis Jenkins, 809 West North street, reported to the police last night that his Chevrolet coupe had been stolen from West Washington street near the First Christian church between 7:45 and 9 p. m. The owner later reported to the police that he had located his missing machine.

Robert Mackie of 132 Euclid avenue, reported last night that his Chevrolet coupe had been taken from North Mercer street between 7:30 and 10 p. m. It was found this morning at Marshall and Franklin avenues.

Russell King, New Castle, R. D. No. 7, last night reported that his Chevrolet coach had been stolen between 5 and 9:30 p. m. from Spruce street near East Washington street. It was still missing late this afternoon.

BEAR FINDS FISH GROWING ON BUSHES

(International News Service)

SANTA FE, N. M., Oct. 7—E. C. Phillips thought he was catching fish for his dinner.

The fish were biting as fast as Phillips could toss his line into El Rito creek. Not waiting to put them into his creel, he threw them into the bushes and went up the stream.

Returning downstream to retrieve his fish, Phillips discovered a huge cinnamon bear, leisurely lunching on the fish, which, for some reason, seemed to be growing on bushes.

Phillips did not stop to argue ownership of the trout. He had bacon for dinner.

DUNKS DO DUNK, UP IN DETROIT

(International News Service)

DETROIT, Mich., Oct. 10—The honor of originating the ancient process of "dunking" belongs rightly to the Dunk family, says Herbert B. Dunk of Detroit, disputing the denial of his father, Thomas W. Dunk of Jacksonville, Fla.

The elder Dunk recently admitted to newspapermen that a family connection, the Earl of Sandwich, invented the tidbit bearing his name. Bun Dunk denied that his ancestors originated "dunking".

"I want it understood that the Dunks did invent dunking," said the son. "It's an ancient and honorable custom, not to be repudiated through false modesty—even though a silly social rule prevents its open indulgence."

Vernons Not Seriously Hurt

Take Treatment At Hospital Following Perry Highway Crash

State highway patrolmen stated today that Mr. and Mrs. Merle Vernon, both 33, of Plainfield, N. J., injured Thursday morning when the machine operated by Vernon, skidded on the Perry highway then overturned were not seriously injured. However, they are taking treatment at the New Castle hospital. Their six-year-old daughter, Jean, escaped uninjured.

According to Patrolman Cunningham, investigator of the accident, Vernon received a laceration which severed the tendon of one of his hands and Mrs. Vernon was bruised quite severely but examination showed no internal injuries.

They were enroute from Plainfield, N. J., to Chicago. The car was badly damaged.

Name Schoolmen To Draft County Basketball Card

A committee of Lawrence county schoolmen will report the 1932-33 county boys' basketball league schedules to the Lawrence County Principals' association on November 2, it was announced today. President Walt Whitman appointed the committee to represent the large and small school groups this week.

Schedule makers were named as follows:

For the larger schools—Don McGary, Bessemer; S. A. McCullough, East Brook, and Wilbert Leonard, Union.

For the smaller schools—Porter McCandless, Harlansburg; Don E. Cole, Princeton, and Clarence Marshall, Enon Valley.

Wampum high, heretofore classified in the smaller schools' section, was transferred to the larger group because of the increase in the new term's enrollment.

The basketball activity is supervised by the county's athletic association, composed of a part of the principals.

'PAL DAY' SLATED AT Y TOMORROW

"Pal Day" will be observed at the Y. M. C. A. again tomorrow from 9:15 a. m. until noon, Boys' Work Secretary William A. Thomas announced.

Every Y boy member will be entitled to bring a pal with him, to enjoy the morning on the gym floor and in the swimming pool.

American Tells Of Hardships Of French Legion

Young American Who Deserted Ranks Of French Legion Describes Fierce Battle

(International News Service)

GIBRALTAR, Oct. 7.—Details of the "horrible massacre" of French Foreign Legion troops by Arabs at Tafillet were revealed to International News Service by a former Legionnaire today.

Robert Young, of Long Beach, Cal., who escaped from the Legion in the recent train wreck in Algeria, told how the Legion troops battled against overwhelming odds and thru nearly impassable country, only to meet with virtually complete annihilation.

Many Hardships.

Young declared that he deserted the Legion owing to bad food received and harsh treatment suffered at the hands of non-commissioned officers of the Legion during the long marches over sun-baked deserts to outposts devoid of food or water.

"My continuance in the Legion would have been unbearable," he said.

French authorities in Morocco, Young said, will vouch for the authenticity of decorattions he received during service with the Legion.

Young, 22, a graduate of Stanford University, still is suffering from the effects of the hardships he experienced while a member of the Legion and during his escape. He lay back in his hospital cot here and calmly revealed his gruesome narrative.

Many Are Killed.

He said that the Legion twice tried to take the Arab stronghold at Tafillet, but each time was foiled with tremendous losses.

The first attempt was made in December, 1931, only a few months after Young narrowly escaped death when he was struck by a bullet within an inch of his heart.

This attack ended in utter rout for the Legion, and when survivors were counted, it was found that more than 1,000 were missing.

In June 1932, the Legion tried again, but this time also, in the words of the youthful Californian, "our force was cut to ribbons."

"We were 900 strong," he said, and only 40 of us escaped."

Of the 40 survivors, he said, only 33 got back to civilization. The remainder died of hunger and thrist.

The 33 men were treated like heroes when they finally reached Fez, and each was decorated with the Croix De Guerre for valor.

Describes Escape.

When Young and his companions reached Fez, he was sent to a hospital at Sidi Bel Abbes, where he remained until last month. Then, still suffering from a nervous breakdown, he was sent back to Fez for duty.

It was while he was on his way to Fez that the train was wrecked and Young decided to chance everything in an effort to escape.

"When the train was wrecked, I and an Italian named Carusso, both completely fed up with existence in the Legion, made a get-away. But Carusso was killed by sentries at the border. I was lucky enough to get clear," he said.

Young said his mother lives at 376 West Third Street, Long Beach, California, and revealed that during his service with the Legion, he was decorated with military, colonial, and Moroccan wound medals.

BARKLEY CRACKS ONE-TERM JINX

(International News Service)

LOUISVILLE, Ky., Oct. 7—The one-term jinx has been cracked.

Senator Alben W. Barkley, who cracked it, now is out to break it.

Barkley's renomination for United States senator in Kentucky's Democratic primary August 6 marked the first hurdle in the race to end the hoodoo which has doomed senators to one term.

It has been 30 years since a Kentucky senaotr served more than six years.

Small Girl Hit, But Is Not Hurt

S. C. Teece of 1203 DuShane St., reported Thursday that he was going west on Arlington avenue, when in front of 763 Arlington avenue, little Doris McGaffic, aged 8, of that address, ran across the street directly in front of the car of Mr. Teece. The car hit and knocked her to the street. Mr. Teece stopped and picked the girl up and took her to her parents. She was later taken to a physician where it was determined that she had escaped serious injury.

FIND HIDDEN RIVER UNDERNEATH PARIS

(International News Service)

PARIS, Oct. 7—The Seine's sister has just been discovered by Abbe Mermet, French water-diviner.

This new river is equal in magnitude to the familiar stream which runs through the capital, but lies hidden in the earth at a depth of over 1,500 feet. According to the experiments made by the Abbe, it rises at Mont Blanc and flows into the bowels of the city at a rate of a million litres per minute.

The water is chemically pure and free from microbes. It could be used for drinking if ever the present source should be abandoned.

New Castle And Coraopolis Ready To Play

NEW CASTLE WILL HAVE BIG OPPONENTS TONIGHT

Coach Philip H. Bridenbaugh Announces Team Ready For Game Tonight

Coraopolis To Present Tricky Forward Passing Team, Game Starts At 8 O'Clock

New Castle High school and Coraopolis High will send their undefeated scholastic football teams to the greensward of Taggart Field tonight in the fourth nocturnal game of the year for Pa Newc's followers of the popular fall pastime. The kickoff is due for 8 p. m. The gates will be opened at 6:30 p. m. and the floodlights will be turned on.

Both Undefeated.

This will be the fourth game on the New Castle 1932 card, three of them have been put away as victories—Union, McKees Rocks and Charleroi. Coach Philip H. Bridenbaugh is just as anxious to include this Coraopolis team in the bag. The bag is a big one. New Castle must play a real brand of football tonight. This Coraopolis team is also undefeated in three games, its latest victory being over Avalon high 27 to 0. The team coached by George Clark will be in there fighting hard for the win. The red and black team will be fighting just as hard and harder. It should be a "whiz" of a game.

The big "Red Hurricane" minus one of the breezes in the person of Joe Kolodjeski, has been tuned up finally. The fullback post left vacant when Kolodjeski suffered a broken right leg will be taken care of by Walter Kominic. The remainder of the lineup is the same as started against Charleroi. Ron Thomas and Rocco Tomalello, those clever pair of ends, were full of ginger last night as they scampered over the big field grabbing everything that came their way, including two June bugs and three moth-millers. Anything in the air and those two pass grabbers get them. Whitey Nickum was polishing up that solid right arm last evening with liniment.

Hurricane Ready.

Nickum's forward passing against Charleroi left the fans wall-eyed and breathless. He shot them straight and true to Tomalello. Not those little fluky passes, but bullet-like and straight home.

Johnny Uram is dusting off those feet of his and getting ready for a big running event this evening. They tell me that Uram is the fastest man on the squad. Johnny certainly goes places when he feels that pigskin on his manly bosom. Tommy Rambo, the big blocking halfback and signal barker, who leads the way on those big long end runs, and flashes through tackle, is ready for the game of his life. Rambo is invaluable as a blocker, and runs the interference in fine style. Kominic will quit bust up the neighbors' fences and try busting through that Coraopolis line tonight.

Coraopolis is Good.

So much for the home products. Now to get at this Coraopolis team for a while. They tell me that Coach Clark has a gang of huskies who will almost match New Castle for weight and size. That's interesting. Always produces a good game. The visitors will show Desko at quarterback. He is a veteran on the team and a good brainy lad. The halves will be taken care of by Sambolt and Reed, and they are going to be watched very closely by the Shellogg brothers and by Radskowski and De Carbo. Valensky, a big rangy youth, is playing fullback and is reputed to be a fine line cracker.

By grape-vine reports it is said that Coraopolis has one of the best teams they have had for years, and if this is the case, then the football fans are in for an evening of real entertainment. Because you know as "Bridy" would say, "This New Castle team isn't so bad either."

Will Be Good Game.

Any way you look at it, this is going to be a football game tonight that is worth seeing. New Castle defeated Coraopolis last year, but that was last year, and this is another year. So to the stadium tonight to see what improvements this New Castle team has made this week and to see how this gang of fine looking Coraopolis boys performs.

The gates will swing open at 6:30 o'clock. Better get on hand early. It may be cold enough for a blanket tonight, so get mother to hunt you up one.

The prices for this game will remain as for the other three contests. The New Castle high finely uniformed band will be out there tooting away. The field will be a-buzz with excitement around 8 o'clock and you don't want to miss it, so plan to be there.

Lineups For Tonight

Coach Philip H. Bridenbaugh of New Castle, and the Coraopolis Coach, George Clark, have announced their starting lineups for tonight as follows:—

Titan Harriers To Compete With Pitt

To Race Over Schenley Park Five Mile Course On Saturday Noon

(Special To The News)

NEW WILMINGTON, Pa., Oct. 7.—Westminster college's varsity cross country team, composed almost entirely of first year men, will open its season against the University of Pittsburgh Saturday at Pittsburgh.

The race, over the five mile Schenley Park course, will start at 12 noon. Following the race, the Titan team will be guests of Pitt at the Pitt-Duquesne football game in the stadium.

Led by Acting Captain Wilbert Needham, Bellevue, the Titan Harrier outfit will be selected from the following men: Noble Bowers, Duquesne; Bill Daggett, Youngstown, O.; Willard George, Youngstown, O.; John Gerstner, Philadelphia; Stephen Godleski, Saltsburg; Wallace Heiges, Wheatland; James Regester, Duquesne; Harvey Snyder, Bellevue; and Carl Snyder, Sharon.

In all probability, Harry "Bud" Brownlee, Titan three-sport star, will accompany the team to Pittsburgh. He and Charles Trevaskis, student manager, will be in charge.

Three Class AA Games Saturday

Clairton-Washington, Norwin-Turtle Creek And Wilkinsburg-New Kensington

Three Class AA teams will be battling for honors in grid games tomorrow afternoon. These games are very important. They mean a lot to each team. Some fine football is in the offing.

Clairton high will have the big Washington high team as their opponents at the Clairton field. Clairton took a licking last week at the hands of Uniontown 12 to 0, and they hope to vindicate themselves by thumping Washington. But this is going to be a real trick. They say Coach Cox has that Washington team fighting hard.

Turtle Creek will be over at Norwin for what looks like a not too pleasant afternoon for somebody, and that somebody is Norwin. This Turtle Creek team with Foxy Miller at the helm looks like the berries. They have swamped Pitcairn, Trafford and Oliver.

The other Class AA game will find Wilkinsburg high going up the river to play a fast and clever New Kensington high team. This is a big game in the valley. Wilkinsburg figures to win, but that Ken high crew will be doing battle all the way.

It looks like a big afternoon on the scholastic sport front of Western Pennsylvania. Other Class AA teams will play Saturday as follows—Mt. Pleasant Township High at Greensburg; Mt. Pleasant High at Jeannette; Tarentum at McKeesport.

Lawther Shifts Titan Lineup For California Teachers' College Game

(Special To The News)

NEW WILMINGTON, Pa., Oct. 7.—Coach John D. Lawther of the Westminster College football team plans to make several shifts in the Titan lineup for the game with California State Teachers' College here on Saturday. The contest will not start until about 4 o'clock due to the inauguration of Dr. R. F. Galbreath as president.

Lawther may start Harold Burry, New Castle sophomore, track and cross country star, at a guard post. He may also use Bill Staples, Butler, at fullback, and shift Bob Arrowsmith, Erie, to right halfback. These men played the best ball against George Washington at Washington, D. C., last Friday night.

California will probably use nine veterans and two freshmen in the starting lineup, W. H. Steers, athletic director, states. Captain Hazelbaker at quarterback, and Patterson at fullback will be the two big California threats.

The probable lineups:

College Teams Are Ready For Tough Battles

Michigan And Northwestern Will Provide Thrills In Big Ten On Saturday

YALE AND CHICAGO GAME IS BIG ONE

By DAVIS J. WALSH
International News Service Sports Writer

NEW YORK, Oct. 7.—One side with the national pastime; make way with the sport of kings, football, the king of sports, is entering the principality of pigskin tomorrow behind a warning blast of the royal trumpets, to take up the feudal rights again and henceforth reign alone. Tradition and legend ride with it. Romance will live anew.

Out at Ann Arbor, it will live vividly with Michigan and Northwestern, meeting in the first great game of the big ten season. Down here in New York, it will come to town with Princeton for the first time since those days of the early big three when they went to the game in tally has and tall hats and the tap room at the old Hoffman House rang with a measure of gusty song.

Yale And Chicago

Up at New Haven, it will bring old man Stagg back to his beloved elms. Away down along the river levees, it couples Georgia and Tulane for the first major meeting of the southern conference. Off in the far west will come the distant echoes of those tremendous games between California and St. Mary's, Stanford and Santa Clara, Oregon and Washington, U. S. C. and Oregon State. They get right into it out there. We of the east take a month to get ready and sometimes an hour and twenty minutes to get beaten.

Anyhow, it will be a great day for romance but it ought to be a greater day for football. Yale and Chicago furnish one of a half-dozen intersectional games, but frankly all of them yield in significance to Michigan and Northwestern, which may hold the key to the big ten riddle; to Minnesota and Purdue, of the same league; to Columbia and Princeton here, to the four coast games, perhaps even to the early sniping on the southern front. These games can ultimately pay off on final rankings, whereas the others only prove that one team of one section can beat one team of another.

Bessemer Meets Scienceville Hi

Lawrence County Class B High Eleven Hopes To Win

PLAYED GOOD GAME AGAINST ZELIENOPLE

Bessemer and Scienceville high school football elevens will clash today at Scienceville. It is the fourth game for Bessemer high this season. After losing two games, one to Lowellville and the other to Sharpsville, Bessemer was in a fair way to beat Zelienople when Yockey ran 95 yards for a touchdown which deadlocked the score 12 to 12.

Scienceville has a heavy team this year, it is reported but despite this Coach Fredericks proteges hope to win. Their play in the game with Zelienople was much improved over the clashes with Lowellville and Sharpsville. During the past week Coach Fredericks has drilled them strenuously. Quite a few Bessemer students will follow the team to Scienceville.

Leonard-McLarnin Fighting Tonight

(International News Service)

NEW YORK, Oct. 7—Jimmy McLarnin and Benny Leonard punch it out to see who is the better man in Madison Square Garden ring tonight.

It will be a game worth while. It's the might of Little Jimmy McLarnin's fists against the brain and skill of the most recent of the "old Masters" of the ring. It's the meeting of two most perfectly conditioned athletes. But in the favor of little McLarnin is that wonderful thing called youth. It's a mighty balancer for those brains and fighting ability that embodies Benny Leonard.

Tommy Harper Has Cut Eye

When Penn State's big football team hops into action Saturday against the fighting Yellow Jackets of Waynesburg at State, the Lions will be minus the services of Tommy Harper, former hard hitting New Castle High fullback. Harper came out of practice Tuesday with a severe cut over his eye and it is doubtful if Harper on center the Waynesburg game. His place at halfback is being taken by Siegal.

Yang-Tse-Kiang is the longest and most important river of China, having a length of 3,000 miles.

WARNING
And a Protection to You

THE success of the Gillette Blue Blade has been so spectacular that imitations have appeared on the market. This was to be expected. The extraordinary quality of the Gillette Blue Blade won tens of thousands of friends overnight. The Blue Blade swept the country and soared to leadership. Men everywhere demanded this extraordinary blade and identified it by its color.

Today color identification is not enough. The quality and shaving performance of the Gillette Blue Blade cannot be matched but the color is being imitated. For this reason you must be careful. We urge you to insist on the genuine Gillette Blue Blade. Avoid disappointment. Look for the picture of King C. Gillette on the package. It identifies the genuine. If this photograph does not appear on the package, the blades inside are imitations. Once again we warn you—look for King C. Gillette's picture on the package.

WARNING—Color alone is not sufficient identification. Look for the portrait and signature of King C. Gillette on the package.

When you shave with a Gillette Blue Blade you get comfort hard to describe. You scarcely feel the blade as it removes your beard. You buy Gillette Blue Blades on our positive guarantee of complete satisfaction. If you aren't entirely pleased, return the package and the dealer will refund your money.

Grove City To Meet Slippery Rock Team

GROVE CITY, Oct. 7.—Rain and a soggy gridiron this week has not prevented long work-outs for the Grove City football squad. Coach Amos has a deep respect for the quality of football played by the Slippery Rock Teachers, who appear here Saturday, and he expects a difficult game. As a result, the week's drills have been highly strenuous, and the Grovers are at razor-edge for their third game.

Seeking better blocking on the off-tackle plays, Amos devoted most of the drill period yesterday and today to dummy and actual scrimmage. Several first year linemen were inspected closely, and it is possible that Saturday's game will be used as a test for the yearlings. With Alexander and Gross injured, other shifts are being tried in the backfield.

Koma, Baylor, Thomas and Smith were picked for the "A" team and will probably start Saturday's game in the backfield. This shift sends Koma to quarterback, and Thomas to half back, with Baylor at fullback. Soich may replace Beres at end, and Caulfield is being groomed for a guard position, in which event Foti will take Plance's tackle.

The wet weather has given Amos an opportunity to try the ability of his backs and center in handling a slippery ball. The handicap failed to check the flat-passing attack which has featured the early play of the Grovers, Amos and Smith proving adept at handling the wet ball.

The old rivalry between Slippery Rock and Grove City is still alive, and the coming game should attract a large crowd. The officiating will be in the hands of G. K. Fry, D. W. Merriman and F. E. Byers.

FOUR FORMER NE-CA-HI BOYS IN BIG CLASH

(Special To The News)

PITTSBURGH, Oct. 7.—Two good football teams, both primed to a fighting edge are awaiting the kick-off of Saturday's game when Pitt and Duquesne meet for the first time on a gridiron.

Along with the twenty-two gridders—and their numerous subs—will be some 40,000 football lovers, who have been awaiting this opportunity for over a generation.

Both Jock Sutherland and Elmer Layden, rival coaches, are going to stand pat on the lineups which have been successful for them so far this season, and there are no bear stories emanating from either camps.

Captain Paul Reider, dashing halfback of the Panthers, will be in the starting lineup, anxious for an opportunity to snare a few passes from the right hand of Warren Heller, his equally brilliant running mate.

For the Dukes aerial fireworks will be the order of the day, for Elmer Layden is going to depend upon a stubborn defense and brilliant over attack for his chances of victory on the morrow.

The Dukes will present a veteran lineup, while the Panthers will have three sophomores in the starting lineup. Only Captain Reider, Heller, and Hogan, all backs were regulars last season.

De Carbo and Ciccone will play center and left guard for Duquesne and Paul Cuba will play left tackle for Pitt. With Captain Reider at right halfback, four former New Castle high school boys will be in the game.

Claybird Season In Western Pennsylvania Trapshooters League Ends

Western Pennsylvania Trapshooters league drew the curtain on the claybird season Thursday with a postseason match over the traps of the Wilkinsburg Gun club. Champions were determined in four classes. Jimmy Napier, with an average of 95 percent is the season champ but did not have to shoot Thursday.

C. D. Smith took Class A honors. Dr. W. C. Heisey was second. In Class B, H. G. Hammond was first and C. W. Wernke, second. In class C., C. O. Nadolny captured first place and A. J. Boal shot to second place. In class D, W. T. Duff won first and J. W. Farquhar got second place.

Pope Symmachus was the first to build a residence on the Vatican, Rome.

J. A. P. Club Has Meeting Here

ELLWOOD CITY, Oct. 7.—Mrs. Alvin Neininger entertained the J. A. P. Club at her home on Bell avenue last evening with four special guests, Mrs. Prestley Yahn, Mrs. C. A. Martin, Mrs. Phyliss Phillips, and Mrs. Finnick, present at the time.

Two tables of cards were in play during the evening after which a delightful luncheon was served by the hostess in the pleasant surroundings of Hallowe'en appointments. Mrs. Dwight Lloyd will entertain the club in two weeks at her home in Knox Plan.

YOUTH, TREE VICTIM, BEDFAST AT WAMPUM

New Castle friends of Clyde Anderson, 17-year-old son of Mr. and Mrs. Charles Anderson, of near Wampum, heard today that injuries he sustained when a tree crashed down on him last week will keep him bedfast for some time.

Young Anderson's father, also struck by the falling tree, suffered less severe wounds. He is able to be about.

The two were felling a tree on the Stewart farm, Jenkins Run, where they live, at the time of the accident.

The Andersons moved from Moore avenue here about a year ago.

Good College Games Tonight

W. & J. Playing At Detroit, West Virginia Meets Temple In Philadelphia

GENEVA-THIEL PLAYING TONIGHT

By VICTOR J. JACOBS
International News Service Sports Writer

Gridirons in the Tri-State area for the first Friday since the opening of the present football season three weeks ago will be little more than deserted lots tonight with schedules calling for Washington & Jefferson College and West Virginia University to play on foreign fields.

Only two other district schools will be drawn into action tonight. Geneva College will stack up against Jack Saeber's Thiel Lutherans at Beaver Falls, providing the only hostility in these parts.

Coach LeRoy P. "Hank" Day is taking a squad of 24 to 28 players west for the Presidents game with Detroit University under the mazdas this evening.

Presidents Crippled

It is doubtful that W. & J. will be at full strength at the opening whistle since Rhodes, varsity tackle, and King, promising sophomore fullback, have been kept on the sidelines with injuries received in the inaugural last week.

A revamped and smoother working backfield is expected to be seen in West Virginia University's starting line-up against Temple University at Philadelphia tonight.

In the final drill before entraining for the Quaker City, Coach "Greasy" Neale used Jimmy Scott at quater, Marker and Canich at halves and Allen at fullback. The Mountaineer mentor is hopeful that this combination will steer his pupils to their first victory of the current campaign.

Owen Stars As Newark Captures Little "Series"

(International News Service)

MINNEAPOLIS, Minn., Oct. 7—A big world' series—the last one expected—usually has it's hero. So, why not a little world's series?

Nominated today for the hero's role in the 4th, annual little world's series is Marvin Owen, third baseman of the Newark Bears.

With the score 7 to 6 in favor of the Minneapolis Millers in the last inning of yesterday's game, Owen stepped to the plate to hammer the ball for a home run, giving his team an 8 to 7 victory and the championship of minor league baseball.

Owen's circuit blow also gave Col. Jake Ruppert his second world's title for the 1932 season. The Newark Club is a farm of the New York Yankees.

HERE AND THERE IN SPORTS' LAND

Reports from New York say that Fordham has a "What-a-Man" as a second string quarterback and that Frank McDermott, first string quarter will have to play good football to hold his berth. The "What-A-Man" is Freddie Harlow, 160 pound sophomore who hails from Hebron Academy, Maine. He "hit" Fordham in 1931. He proved so cocky some of the boys ganged Harlow and shaved off all his hair. With his head as bare as a billiard ball he marched out to Coach Cavanaugh and notified the coach that Fordham's freshman quarterback had arrived. He got a chance and made good. He will play during a portion of the Fordham-Bucknell game Saturday.

Fritz Maisel is out as manager of the Baltimore Orioles. He has led the Baltimore outfit of Jack Dunn for the past four years. President Charles Knapp has stated a manager will be signed soon. He refused to affirm or deny a report that Walter Johnson, deposed manager of the Washington Senators would get the job. The Orioles finished second in the International League race this season.

Let it to the 'rasslers' to start a new fad in rings. One entered a Cleveland ring wearing a monocle. Naturally this caught the eye of the fans, also some fight managers. Among the latter was Larry Keough, knewn here. "Boxers won't go for that stuff" he told a Cleveland writer. The last time Larry visited here he came as manager of Henry Firpo after the Louisville slugger had left Jimmy Dunn's stable.

It certainly is a crime that pollution cannot be stopped in the Slippery Rock. A report comes to the engineer of this column today that two muscalunge were found dead a few days ago. They were the 'lunge' which were in the 18 foot deep hole at Elliott's bridge. For years fishermen have tried to catch them and failed. However it did not take long for poison to do its work.

The Slippery Rock creek has been stocked time and again only to have the fish killed off by pollution. Recently Claire Stockman visited the creek. He painted a picture that should cause all the anglers to take up the battle. And now comes the report that the 'lunge" have been killed off. The report was brought here by a youthful fisherman who says he saw the fish.

Jimmy Dygert of the managerial firm of Smith & Dygert, has great hopes for Homer Gray. Yes siree, he is all heated o'er what Homer may be able to do. In a conversation yesterday he expressed the opinion that were Mickey Solomon and the colored lad to meet "Homer will knock him out." This line no doubt will get a real quick rise out of Joe Alexander and all of Solomon's followers.

Joe said recently that Mickey is in grand shape. And it is a foregone conclusion he will not believe as does Dygert. In fact we believe that Joe will toss the paper to the floor and declare: "Well, if they ever meet someone will go down and it won't be the Transylvanian Mickey." Solomon looked to be the berries a couple years ago. He's training studiously these days.

They're singing the farewell song for Babe Ruth although most fans would like to see him round out a score years in the majors and hit his 700 home runs. However, they point out the world series proved Babe is almost through as the dominant playing king. He demonstrated in the third game he can still ride the apple but he has slowed down.

Jimmy Long says of the Bambino: "He has slowed down to walk in the field and on the bases, can hardly bend his back for a ground ball, and as compared to the dashing athlete he used to be he is becoming just a tired old man." Long then adds that the series also dispelled all doubts as to the identity of the Babe's successor as the greatest player in baseball.

"Lou Gehrig is out in a class by himself, a mile ahead of Ruth and the rest. As a matter of fact he has been there for sometime, but the reputation of Ruth, and Lou's own complex that he could not hope to shine on the same field with his renowned teammate, kept his greatness from being generally recognized" Long writes.

He should be ranked at the top. He has terrific hitting power, rare defensive skill, fighting spirit and durability according to Long and these qualities make him the greatest player of the present day and one to be ranked with Ruth, Honus Wagner and Ty Cobb among the greatest four of all time. Superstar that Ruth was, Long, writes, he is no longer in Gehrig's class.

Union Is Ready For Youngstown

Union High Ready For Tough Battle At Youngstown, O., This Afternoon

Union High football team is in Youngstown this afternoon for a game with Youngstown East High. The Union team wound-up their training last evening at Union High field with a light signal drill.

Shortly after noon today Coach Boyd and his Ramblers went to the Ohio city where they expect a tough engagement. The Union team is clicking fine. In the signal drill yesterday the team looked very good.

Union hopes to get vindication for that setback at the hands of Youngstown East last year. Coach Boyd plans to start his regular backfield with Phillips at fullback, Schaas and Monico at the halves and Sniezek at quarterback.

The injured players are back in good condition, and Union hopes for a good showing.

Frankie Bojarski Defeats Van Hook

After pummeling Ray Van Hook of Pontiac, Mich., from pillar to post as the proverbial saying goes Frankie Bojarski of Erie was awarded a technical knockout over the Michiganer in the sixth round last night at McKeesport. Referee Red Robinson stopped the fight which was to have gone 10 chapters.

Van Hook didn't have a chance against Bojarski. He was down for eight seconds in the second and after he hearing a count of nine tolled off in the sixth the referee acted to prevent Ray from undergoing more punishment.

Stocks Show Lower Trend

Heavy Selling Of Food Stocks Affects Early Market Trading

(International News Service)

NEW YORK, Oct. 7.—Heavy selling of food stocks today weakened the stock market. National Dairy Products and Borden bore the brunt of the selling, both dropping about two points. Other food stocks like National Biscuit and Gold Dust were carried along.

U. S. Steel sold down more than a point. American Telephone and American Can gave up early gains of about a point each and lost as much. Westinghouse and Case Threshing were under pressure, with losses of about two points each.

Rail stocks gave way on weakness in Lackawanna. Auburn slumped more than two points and motor stocks joined the reaction. Pressure of Standard Oil of New Jersey unsettled the petroleum list.

Tobacco stocks met scattered liquidation and with little support developed gave up one to two points.

Further weakness in grain prices acted as a drag on the market. Wheat equalled yesterday's lows. Cotton resisted the selling and held part of early gains. Bonds were lower.

Selling in stocks picked up momentum on the downside and the market showed a distinctly weak tone in the second hour.

Council Transacts Monthly Business

Regular Meeting Is Held In City Hall Thursday Evening

ELLWOOD CITY, Oct. 7.—The regular monthly meeting of the Ellwood City borough council was held last night in the city on Sixth street.

An interesting letter from Supt. V. R. DeLong of the local schools on the matter of equipping the high school band was heard by council and later received and placed on file. Supt. DeLong told of the efforts of school officials to make the band one of the finest organizations in the district. Members of the band show much enthusiasm and their morale is high as compared with previous years. A 50-piece band will be on hand at the grid game in Beaver Falls Saturday. It is equipped with uniforms and instruments. In order to have a complete fine looking band it still needs two saxophones and braided blouses for the uniforms. Supt. DeLong in his letter asked council for any possible financial aid in this matter since the high school band is a community institution. He further stated that it was quite popular among communities to aid their high school bands in any way possible

No definite action on an invitation to attend the 19th annual conference of the City Managers' association on Oct. 24-26 was taken.

An application of the Harmony company to the Public Service Commission to operate a bus in this district will not be contested by the local council, according to an action taken last night. A hearing on the matter is to be held in Pittsburgh on October 19.

A communication from the borough auditors stating that the accounts of the former borough treasurer, G. E. Moyer, have been audited and approved by them. This report then was turned over to the present treasurer, R. R. Wilson.

The monthly report of the local fire department stated that there were four fires in the month of September with a total damage of $310. For their services firemen received $86. Council at this time granted the department permission to participate in the annual Beaver county Armistice Day celebration to be held in Monaca this year.

For the month of September the police department reports that 18 arrests were made of which eight were discharged, eight forfeited and none fined. Total fines and forfeits yielded $106.06 to the department.

There were only four cases of contagious disease in the city for the past month, according to the report of the health department. These were three of chickenpox and one of scarlet fever.

Borough Manager Lowell W. Monroe and the sewer committee announced that their report on the possibility of connecting the Ewing Park sewage system with the local one in the fourth ward was not complete as yet and would be made at the next meeting.

A condition of no warning sign at a small railroad crossing on Summitt avenue and East South Second street as pointed out by Councilman Thomas D. Rocco, was referred to the police committee with power to act.

In reply to council's request for a price on the relocation and installation of several fire hydrants in the city for the purpose of better service, the Ellwood Consolidated Water company submitted a price of $79 for the work. This of course does not include the annual rental fee. The company stated that it will be unable to get all the hydrants this year.

Boro Desires To Buy Water Plant

Resolution Is Passed By Council Expressing Council's Attitude

ELLWOOD CITY, Oct., 7.—As a result of a resolution presented by Councilman M. A Riley, a member of the finance committee, the Ellwood City Borough council at its regular meeting last night went on record as desirious of purchasing the property of the Ellwood Consolidated Water company, located in this city and environs.

The resolution read that it was presented in the interest of economy.

PREPARATORY SERVICE

ELLWOOD CITY, Oct. 7.—Preparatory services will be held this evening in the Bell Memorial church at 7:45. There will be a sermon by the pastor on "Self Examination." The Communion token will not be taken out at this time, it was announced. A big turnout is anticipated for the service.

Ellwood Plays Beaver Falls On Saturday

Locals Primed For Annual Clash With Tiger Eleven At Beaver Falls

HECKATHORNE HAS FORMIDABLE TEAM

ELLWOOD CITY, Oct. 7.—Entering their fourth game of the year as decided "under dogs" Coach Ganzy Benedict's Ellwood high football team will strive to prove the faith of its coaches and turn the tide when they go up against the formidable Beaver Falls high school team Saturday afternoon on the latter's home field. It is the local team's first trek away from home.

The Ellwood eleven completed its final workout for the game this afternoon at Lincoln field where the squad held a light signal drill and went through several intricate formations that hope to spring on the valley team.

Coaches Benedict and Ferrare seem to have something up their sleeve for this game. All week they have been drilling their proteges on two new formations and several additional plays. Thursday afternoon there was a special skull session in the gym.

The workouts this week have been lighter than in the past. Only one scrimmage has been held through which the squad emerged in fine shape. Their execution of some of the old plays and new one alike show that a much different offensive team will stack up against the mighty Tigers than against Butler a week ago. The team also brushed up on several weak points on the defensive.

The locals will strive with might and main to come through in the Beaver Falls game in an effort to break into the winning column. A victory over the Heckathorne machine would regain much lost prestige for the local eleven.

To date the squad is in fine physical shape. Pratt and Savor have recovered completely from their injuries and both are likely to see action. No other injuries with the exception of the usual bumps and bruises have been reported. Ellwood high will invade Beaver Falls in full strength.

According to reports from the valley town, Coach Heckathorne will place on the field of battle one of the best grid machines to represent Beaver Falls high in years. Combined with a heavy and powerful line and a light and shifty backfield, the Tigers are ready to go places this year. With the exception of Eddie Litner, star sophomore right guard, who was injured in last Saturday's game against North Braddock of Pittsburgh, Coach Heckathorne will present his strongest lineup against the Tubers. He has two good men to replace Litner. Which will get the call is doubtful.

The Tigers started their season with a 7-0 victory over the Alumni, then an 18-0 victory over Beaver and a 13-0 victory over North Braddock of Pittsburgh. They are big favorites to take the blue and white of Ellwood City into camp.

It is very unlikely that Coach Benedict may choose to play Beaver Falls' own game, built mostly around power plays. In view of the fact of his diligent work with Scopelite this week, he may instill this lad into the game early and start a big aerial drive.

A big score for the Tigers will be contrary to the opinion of fans from both towns. Deep respect is held for the defensive ability of the blue and white. If there is no score until the last period the valley team may get a surprise or two.

Coach Benedict's starting lineup is expected to be much the same as last week with the exception of Zobczak, who will be benched in favor of Milton Luxenberg, who will again grace the fullback position where he was sorely missed last week. Ott and Vanderello are expected to be the starting halfbacks and McCloskey the quarterback. Captain Joe Welsh and Barnes will hold down the wings, Vogt and Savor the tackles, Navolio and Paal the guards and Glover center.

Mrs. Clyde Hill Is Club Hostess

ELLWOOD CITY, Oct. 7.—With pleasing hospitality Mrs. Clyde Hill entertained the members of the Priscilla Kensington Club Thursday afternoon at her home on Fountain avenue.

The nine members present enjoyed the afternoon with games and contests as a result of which Mrs. George Wilson and Mrs. Thomas Douds received the prizes. At a later hour the hostess assisted by her sister, Mrs. C. V. Patton served a delicious luncheon, much to the approval of those present.

The next meeting of the club will take place in two weeks at the home of Mrs. W. D. Porter on Fourth street.

PYTHIAN SISTERS

ELLWOOD CITY, Oct. 7.—An interesting meeting was held by the Pythian Sisters of Alma Temple last night in the K. of P. Hall on Fourth street. Later Mrs. Iva Garwig and her committee served lunch. The next meeting on Oct. 20, will be in the form of a Hallowe'en party.

Rotary Club Hears Financial Expert

ELLWOOD CITY, Oct. 7.—R. R. Conway of Pittsburgh was the principal speaker at the weekly meeting of the Ellwood City Rotary club in the First Presbyterian church last night.

Mr. Conway is a financial expert and he spoke to the members on the new government taxes, income tax, and expenditures of the government. The talk was interesting and instructive. Two special guests were present at the time, Joseph Bowater of the Matthew's Conveyor Company and Mr. Morgan of Pittsburgh.

The local club will participate in an inter-club meeting at Beaver Falls on next Tuesday.

Happy Hour Class Has Hallowe'en Party Thursday

ELLWOOD CITY, Oct. 7.—Fun and hilarity prevailed last night at the home of Mr. and Mrs. Jesse Weingartner on the New Castle road where the members of the Happy Hour class of the Slippery Rock church were entertained at an excellent Hallowe'en party.

The affiar was held in a barn which was decorated in the seasonal colors, including pumpkins, witches and lanterns. Games, contests and a general social time were features of the evening. The affair was further accentuated by the clever costumes worn to the affair.

Lunch was served later in the evening by the hostess, assisted by Mrs. Dallas Houk and Mrs. George Glasser.

W. M. S. AT SMITH HOME

ELLWOOD CITY, Oct. 7.—With delightful hospitality Mrs. James F. Smith opened her home at Pleasant Hill to the members of the Women's Missionary society of the Wurtemburg U. P. church last evening when they gathered for their October meeting. Thirteen members were in attendance and Miss Ruth Glasser of Polk, Neb., was a special guest.

The subject for the occasion was "Rainbow Empire" with Mrs. James A. Gallaher presenting the discussion. Various members read interesting papers on the subject. Mrs. R. H. Kirk and Mrs. J. E. Caughey gave reports on the recent fall rally held at the Raccoon church, New Sheffield.

An informal social period was concluded by the serving of delicious refreshments by the hostess after which adjournment was taken to meet again the first Thursday of November at the home of Mrs. Kirk. At which time Mrs. G. W. Gibbons will be the leader.

CRITCHLOW-NIECE WEDDING

ELLWOOD CITY, Oct. 7—Wednesday, October 5, was the date chosen by Miss Rosalie Critchlow, daughter of Mr. and Mrs. J. B. Critchlow of Rockdale to become the bride of Norman Niece of Prospect. The wedding ceremony was performed at Butler. The couple was unattended.

The bride was lovely in a gray suit with matching accessories and wore a shoulder corsage of sweetpeas and roses.

Following the congratulatory period upon their return home, a delicious wedding dinner was served at the home of the bride's parents with members of immediate families participating. The bride's table was prettily centered with a large wedding cake flanked with fall flowers.

Later in the evening a group of friends and neighbors gathered and tendered the happy couple a serenade to which they responded in a gracious manner.

Mrs. Niece is well known in this vicinity being formerly employed at the X-L Dairy. Mr. Niece is the proprietor of an automobile garage at Prospect.

Dispensing with a wedding trip for the present they will reside at the home of Mr. and Mrs. Critchlow at Rockdale.

Council Reaches Agreement With Tax Collector

Vote Of Civic Body To Enable Collector To Obtain Necessary Bond

ELLWOOD CITY, Oct. 7—A settlement that seems to be finally definite was reached by the Ellwood City Borough Council and Tax Collector T. A. E. McConahy last night at the regular meeting of council in the city building.

After much debate back and forth Councilman Wm. McGlincy made a motion that the tax collector stop collections of 1930 taxes immediately and that the secretary be instructed to give Mr. McConahy's bonding company the information they desire so that they may put up the necessary bond for Mr. McConahy. This motion was seconded by Councilman Mains. By this action the secretary will be required to fill out a form and send it to the bonding company. Mr. McConahy agreed to stop collecting 1930 taxes.

The motion went through by a 6-3 vote, the necessary two-thirds to put it into effect. Councilmen Fike, Riley and Morrison voted in the negative and Councilmen McGlincy, Mains, Rocco, Tillia, Houk and President J. E. Powell in the affirmative.

Council was anxious to settle this situation completely and had resolved to do it last night in order to get some 1932 taxes in the treasury which was becoming rather depleted. The school board is also in the same predicament.

Now that council has taken the initiative the board is expected to reach a satisfactory agreement.

Tax Penalties Are Abated By Council Action

Penalties Not To Be Collected Until After December 1, It Is Agreed

ELLWOOD CITY, Oct 7—An ordinance introduced by G. H. Morrison, chairman of the Finance Committee, providing for the abatement of penalties on taxes due the borough this month, was passed by council at the first and final reading last night at a meeting in the city building. The ordinance was passed by a unanimous vote.

This means no penalties will be added until December 1.

In explanation of the ordinance Mr. Morrison stated that it will also enable the tax payers to relieve themselves of penalties which have been added to unpaid taxes for years prior to 1932. He had particularly in mind the 1930 taxes to which has been added 26 per cent penalty. By this action the taxpayer will see to his advantage of paying the back taxes.

LADIES GUILD MEET

ELLWOOD CITY, Oct. 7.—Twenty members of the Ladies Guild of the Knox Presbyterain church attended the initial fall meeting held yesterday in the church rooms.

The morning hours were devoted to quilting and at noon a sumptuous tureen dinner was served at one long table cleverly centered with fall flowers by Mrs. Hugh Hardy and Mrs. Larry Lloyd.

The monthly business session was held at 2 o'clock in charge of the president, Mrs. Abriam Davies. Mrs. Joseph Anderson, Mrs. Carl Mathews, Mrs. Larry Lloyd and Mrs. Charles Hauserman were appointed to prepare a program to be presented Saturday, November 5, in connection with the planting of trees by the church in commemoration of the Washington bi-centennial anniversary.

General Grant's first name was Hiram, but he usually was known as Ulysses Simpson.

Mrs. Paul Moon Entertains Club

ELLWOOD CITY, Oct. 7.—Dispensing delightful hospitality Mrs. Paul Moon received the members of the Thursday Evening Bridge Club at her home on the New Castle road. Mrs. Wayne Baird was a special guest on the occasion.

Bridge was the chief diversion of the evening with two tables in play at the conclusion of which Mrs. Fred Woods and Mrs. Art Nicklas received the high score awards for club members. Mrs. Baird was presented with the guest favor.

At an appointed hour the hostess assisted by Mrs. Woods and Mrs. Herbert Habart served a delectable menu. The latter invited the club to meet at her home on the New Castle road in two weeks.

ELLWOOD MEN GIVEN PATENT

Air Cooling Device Patent Granted To Three Ellwood Residents

By ARTHUR C. WIMER
Special Washington Correspondent, New Castle News

WASHINGTON, Oct. 7.—William B. Plympton, Donald Plympton and Ralph A. Plympton, all of Ellwood City, have just been awarded the patent rights on a novel air cooling and circulating device of their own invention, the United States Patent Office announces.

The three co-inventors applied for the patent January 21, 1928, and waited more than four years and a half for recognition. They have at last been allowed a patent protecting 21 novel features of their invention.

The Patent Office describes the invention as:

The combination of an air cooling and circulating device comprising a pair of upright, substantially parallel refrigerant containing members, spaced to form an air duct, and a hold-over within the air duct.

Fidelity Class Meets Thursday

ELLWOOD CITY, Oct. 7—Members of the Fidelity Bible Class of the Bell Memorial church assembled at the home of Mrs. L. S. Vogler on Todd avenue with 35 present at the time. Quite a number arrived early Thursday evening for the purpose of quilting.

Later the regular class meeting was held at which plans for a Hallowe'en party to be held in the basement of the church the latter part of this month, were formulated. A social time and luncheon followed this.

The next meeting of the class will be held on Nov. 4 at a place to be determined later.

Semi-Monthly Club Members Assemble

ELLWOOD CITY, Oct. 7.—Mrs. Donald Ubelhardt was a charming hostess to the members of the Semi-Monthly Bridge Club at her home on Ellwood avenue last night. Mrs. John Rohrer of Pittsburgh, a member of the club was present at the time.

Two tables of bridge occupied the attention of the guests for the greater portion of the evening at the close of which Mrs. Tillman Snedden and Mrs. E. C. Wright received the club awards.

An appetizing luncheon was served by the hostess at a later hour. Mrs. Wright will be hostess to the club in two weeks at her home on Foch street.

Tetrachord, in music, is a system of four tones comprised within the compass of a perfect fourth.
